

PRESIDENT MOYER TELLS STORY OF DEPORTATION

SPECIAL SESSION OF COMMITTEE HEARS MOYER'S TESTIMONY

Executive of Western Federation of Miners Before Congressional Investigating Committee Describes His Deportation From the Mining District Last December.

Chicago, March 10.—Charles H. Moyer, president of the Western Federation of Miners, tonight told the congressional committee investigating the Michigan copper miners' strike of his deportation from the mining district last December. A special session of the committee to hear Moyer's testimony was held. The federation president spent most of the day at a hospital where Charles Mahoney of Denver, vice-president of the federation, was critically ill after an operation for appendicitis.

Three men, he said, came to his hotel room in Hancock on the night of his deportation. They asked him if he would receive a larger committee of citizens and on agreeing to this, Moyer said fifteen or eighteen more men entered the room.

They asked if he would permit the citizens to contribute to the relief of the survivors of the Christmas eve disaster at Italian Hall.

Moyer said he replied that he had not told the members of the federation they should not accept on their behalf in caring for their dead, but said the families felt they ought not to and that he would not advise them to accept relief contributed by those outside the federation.

Continuing his story, Moyer said that A. R. Petermann, attorney for the mining companies who acted as spokesman for the committee, insisted that Moyer was responsible for the attitude of the bereaved families and but for his advising them, they would have accepted the assistance offered.

"I promised them," said Moyer, "I would do everything I could to bring about normal conditions and would endeavor to stop all talk of the panic having been caused by a man wearing a Citizens' Alliance button at least until after the funerals."

Assured of Protection.
The witness said everybody left the room except Sheriff Cruise and John Black, a deputy, who told him that they appreciated his promise and assured him that while feeling was tense, no harm would come to him or those with him.

"Before the committee had left the room," continued Moyer, "Petermann said to me, 'after having assumed the position you have we will not be responsible for anything that may happen after this meeting.'"

Moyer said that he then put in a call for the secretary of the Calumet union according to his promise.

"The door of my room then opened and my room was filled with men. The crowd demanded 'where is Moyer?' and I, thinking it was the committee returning said 'he is gentlemen, what is it now?' A man grabbed me and pushed me backward, hitting me with his hand. Another bent me over forward until I was almost doubled up. In another minute still another man struck me with a gun. I saw him striking and I bent lower. The weapon hit me on the left side of the head and exploded, the bullet entering my shoulder and lodging about 10 inches below the point of entrance."

Immediately afterward, the witness said the committee hustled him out of the hotel and a larger crowd joined them on the corner. The entire crowd then started with him toward the bridge to Houghton.

"When we reached the bridge," declared the witness, "some one cried 'throw him off the bridge.' Others said, 'Wait until we get across and we will string him up.' Those behind were kicking me at every opportunity and I haven't recovered from the effects of that abuse. When we reached the other side some one said, 'This is the place,' but others remonstrated and we continued on to the station."

Roughly Handled by Crowd.

"As we came upon the platform some one just behind me said, 'There's MacNaughton' and I observed a man I did not know standing with his back to the window. This man grabbed me by the throat and began choking me, exclaiming, 'You have come in here and have turned the men against me and the company. I am not going to do you any harm, but I am going to warn you that if you ever come back to this district you will be killed.'"

Moyer says that he had never seen James MacNaughton or any picture of him, that he did not wish to be misunderstood as testifying that it was MacNaughton who spoke the words.

"Did the men who committed this outrage wear masks?" asked Congressman Casey.

"They wore no masks," replied the witness. He added that he could not call the names of any besides Hensley, the man who had wired ahead for a doctor to treat his (Moyer's) wound.

Chairman Taylor asked the witness whether he had returned to Michigan to answer the conspiracy charge brought against him by the grand jury. He replied that he had notified the officers of the county that he would appear for trial at any time he was required.

Is Cross Examined.

Moyer was cross examined by Petermann.

"What did you do before you be-

BOY FUGITIVES FROM ST. CHARLES HOME SURRENDER

Two Jacksonville Boys Are Implicated in Shooting of Big Rock Farmer.

Aurora, Ill., March 10.—Three boy fugitives from the state home at St. Charles, Ill., who eluded a posse of farmers in the woods near Big Rock, Ill., all day, surrendered to Sheriff Charles McBratney tonight. The boys, William French, Chicago; Horace Fairchild and William Bergland, Jacksonville, Ill., had eaten nothing, they said since leaving the home at St. Charles last night and were driven out of the woods by hunger.

Elmer Dean, a Big Rock farmer, who was shot through the throat when he tried to apprehend the boys early in the day, is in an Aurora hospital, where it was said he had a slight chance for his life.

The sheriff, several deputies and a score of farmers had surrounded the woods when the boys left their shelter. They threw down a revolver, which they said they had stolen from Custodian Shaw at the home and begged McBratney for something to eat.

They refused to say who fired the shot that had injured Dean. Unless the sheriff can learn which one shot Dean, all will be held here in jail until it is learned how seriously he is wounded.

CHARGED WITH CONSPIRACY TO KILL COURT OFFICIALS

Indictment Alleges That Terre Haute Carpenter Conspired Against Lives of Vigo County Officers.

Terre Haute, Ind., March 20.—Bert W. Dickens, a carpenter, today was arrested upon an indictment charging him with conspiracy to kill Judge Charles M. Fortune of the Vigo county circuit court; Felix Blankenbaker, special judge hearing the election fraud cases and Joseph Roach, special prosecutor in the fraud trials.

It is alleged in the indictments that Dickens entered into conspiracy with persons not named to kill the three court officials either by throwing bombs at them or by placing dynamite under their homes.

A witness before the grand jury yesterday testified an attempt to dynamite Judge Fortune's home Sunday night had failed because of the presence of armed guards. At the time Judge Fortune and Prosecutor Roach were in Indianapolis appealing to Governor Ralston for state protection for witnesses and officials during the trial here next week of Mayor Don M. Roberts, who is charged with election frauds.

The threats against the lives of the officials and witnesses in the fraud cases are alleged to have been made since William Huffman, a city official, was convicted here last week and sentenced to from three to ten years in the state penitentiary for illegal use of election ballots.

TYPOGRAPHICAL UNION ELECTION.

Indianapolis, Ind., March 9.—At the general offices of the International Typographical union in this city announcement was made today of the close of nominations for the annual election of officers of the organization. The elections will be held on May 20 at which time the local unions throughout the United States via Canada will vote for president, vice-president, secretary, treasurer, trustees of the union, printers' home and delegates to the convention of the American Federation of Labor. The candidates for the presidency of the union are Chas. B. Jawkes and Marden G. Scott, both of New York city. James M. Duncan, who has filled the office of president since the resignation of James M. Lynch, is not a candidate for the place. A spirited contest is expected for the place of Secretary-Treasurer J. W. Hays, of Minneapolis, who is a candidate for reelection.

COUNTRY CLUB DESTROYED.

Cleveland, Ohio, March 10.—The new club house of the Mayfield Country club just outside the city, was destroyed by fire today with a loss of over \$150,000.

PASS AMENDMENT.

Boston, March 10.—The proposed amendment to the constitution which would give women the right to vote passed the state senate today by a vote of 32 to 2.

came president of the Western Federation?

"I have been a laborer all my life."

"You believe, do you not, that there is an unending conflict between capital and labor?"

"I have always found it so since I began work. I believe the conflict will go on until there is a change in our system of government. There should be a more equal distribution of the product of labor. I would like to see the government own a great many of the industries."

"You are not in sympathy with the principles of the Industrial Workers of the World, are you," asked Petermann.

"I myself suggested the referendum to sever connection with the industrial workers," replied the witness.

When Moyer was excused Chairman Taylor announced the hearings were concluded and the strikers and operators would be given fifteen days in which to submit briefs.

The members of the committee will leave tomorrow for Washington.

ALASKA RAILWAY BILL READY FOR PRESIDENT

WILSON HAS INDICATED HIS WILLINGNESS TO SIGN BILL AT ONCE

Measure Provides for Construction of 1,000 Miles of Government Railroad and Expenditure of \$35,000,000—Other Washington News.

TUESDAY IN CONGRESS.

Senate.

Met at noon. Samuel Untermyer testified on the stock exchange regulation bill before the banking committee.

Senator Tillman asked for an investigation of charges that a coal trust discriminates against Charleston, S. C.

Committees in charge of trust bill hurried consideration of the measures for early action.

Adjourned at 5:20 p. m. to noon Wednesday.

House.

Met at noon. Debate was resumed on the agricultural bill.

Committee in charge of trust legislation began speeding up their work.

Interstate commerce committee reported revised Sims bill to repeal Panama tolls exemption.

Judiciary committee dismissed as "unincorporated" the charges of Wade H. Cooper of Washington against Associate Justice Wright of the supreme court of District of Columbia.

Adjourned at 5:45 p. m. to noon Wednesday.

Washington, March 10.—The Alaska railway bill providing for the construction of a thousand miles of government railroad and the expenditure of \$35,000,000 was ready for the president's signature late today when the senate adopted the conference report already adopted by the house.

President Wilson has indicated his intention of signing the bill as soon as it reaches the white house and tentative plans for constructing the first government railroad already have been considered at the interior department. Secretary Lane, long an advocate of the project, is prepared to go ahead with it as soon as the president gives the word.

Final action on the bill in congress came after a long debate in the senate, the report of the conference committee appointed to settle differences between the two houses being adopted by a vote of 42 to 27. The measure authorizes the construction of not more than 1,000 miles of railroad to connect Alaska's coal fields with the coast, the route to be selected by the president, to whom are also left many other important details. He is to decide whether or not railroad lines already constructed in the territory shall be purchased as a part of the government system and whether the road is to be operated by the government itself or leased after it is built.

Attack Unsuccessful.

Congressional distribution of free seeds for the farmers of the country was unsuccessfully attacked in the house today during consideration of the agricultural appropriation bill. An amendment by Representative Sumner of Texas, to place seed distribution in the hands of the department of agriculture was voted down after a lively debate in which members from agricultural districts resented characterizations of seed distribution as graft.

To Be Envoy Extra-Ordinary.

President Wilson today nominated John L. De Saulles of Pennsylvania to be envoy extra-ordinary and minister plenipotentiary to Uruguay. De Saulles is a former Yale football player who won wide distinction on the gridiron.

Garrison Wants Advice.

Secretary Garrison at the instance of the British ambassador, has called upon the army engineers to report on the possible effect upon the level of great lakes of a measure now pending before the house, which would permit the diversion of a greater amount of water from Lake Michigan into the Chicago canal in connection with the proposed extension of the Chicago park system.

Hearings Are Concluded.

Hearings on the pending stock exchange regulation bill were concluded today by the senate bank and currency committee with Samuel Untermyer, who drew the measure at the conclusion of the recent "Money trust" investigation hearings as the only witness.

Mr. Untermyer appeared armed with a formal brief in support of the bill, but got little chance to read from it.

OFFICERS INDICTED.

Rock Island, Ill., March 10.—Lawrence M. Magill, former state attorney, and O. L. Bruner, sheriff, were indicted jointly today charged with bribery and conspiracy. They were accused of accepting \$100 from Martin Nolan for releasing him from the county jail where he was held pending a trial on a charge of disorderly conduct.

PRIMARIES BRING OUT ONLY LIGHT WOMAN VOTE

Women Candidates For Mayor Defeated in Canton and Carroll—Aurora Woman Nominated Alderman.

Chicago, March 10.—The first general primaries through the state since the enactment of the suffrage law brought out only a light woman vote today. In many places however, suffrage organizations had warned them to remain away from the polls in order to avoid identification with any political party.

In two cities women were candidates for mayor. Dr. Maude Rogers ran third on the Citizens' ticket in Canton. The woman's vote there was 1,257 and 1,519 men voted. In Carroll Mrs. Mary Kennedy was defeated.

Mrs. Franke Crane was nominated for alderman in Aurora. She received only one vote but had no opposition.

In Yates City, Republican men nominated a woman for board president, three women for trustees and women for treasurer and clerk. No women voted in the primary.

Arcola, Tuscola and Newman report that a small vote was cast at the city primaries. Only a few women voted. No women were nominated for office.

At Aurora, one woman, Miss Edith Scott, society editor of the Bacon News, voted at the city primary election. She cast a Democratic ballot.

A woman candidate for alderman, Mrs. Frank S. Crane was nominated on the Democratic ticket in the second ward. She received one vote. There were only two votes cast in the ward. Only thirty-five votes, the smallest number ever polled in Aurora were cast. It cost the city \$15 for each vote.

Bloomington at the primary in Standard, 123 votes were cast of which forty-six were women.

Canton—R. M. Kingsland, the anti-saloon candidate for mayor was nominated. Dr. Maude Rogers, the only woman candidate ranked third for the mayoralty nomination. The women's vote will approximate 1,270 and the men's 1,519.

Carroll—Mrs. Mary Kennedy, candidate for mayor was decisively defeated at the primaries. She received only about 40 votes out of over 200 cast.

Galesburg.—In Knox county municipalities few women voted. In Yates City where not a single vote, Republican men nominated on their ticket Mrs. F. T. Hesselbacher for village board president.

Greenville.—Out of a total of 997 votes cast at the city primary election 431 were those of women.

Kankakee.—Out of 152 votes cast at the city primary three votes were cast by women. There was the same lack of interest in the primaries through Kankakee county.

Morris.—Only two women in Grundy county in five hundred voted in the municipal and village primaries today.

Shelbyville.—In this township 1,141 votes were cast of which 738 were those of men and 426 those of women.

Little Interest Shown.

Springfield, Ill., March 10.—Though in many cities and villages today women were busy cementing their organizations for the April local option elections, little interest was shown in the village elections in this and adjoining counties today. Few women voted. But one woman voted at North Berlin. No women voted at Carlinville. One hundred and fifty women voted at Auburn, where a total of 500 ballots were cast. The ballots of over sixty Auburn women were thrown out because they were improperly marked.

At Fairfield, Miss Clara Tullis was defeated for collector by 18 votes.

Minnesota "Drys" Gain.

Minneapolis, Minn., March 10.—The liquor license question attracted the attention of the voters in village and township elections throughout Minnesota today. In many of the smaller municipalities the vote was extremely close. Returns late tonight from forty-five counties out of the eighty five in the state indicate that the temperance people have made gains of 25 per cent in the towns recorded on the "dry" side.

GETS PRISON SENTENCE FOR VIOLATING BANKRUPTCY LAW

DANVILLE, Ill., March 10.—Edward and Walter Gassaway, formerly prominent businessmen of Milford, Illinois county, today pleaded guilty in the federal court of violating the bankruptcy law and were sentenced to Joliet prison for one year each. They were charged with perjury in swearing to false schedules, and sequestering property when they went into bankruptcy. They now reside in Minnesota.

WILL GO TO CALIFORNIA.

Dr. W. W. Schermerhorn, who has practiced dentistry in Jacksonville for a great many years is soon to leave the city. He has sold his practice to Dr. F. C. Noyes of Mt. Sterling who will take possession April 1. Dr. Noyes has been located at Alexis, Ill. Dr. and Mrs. Schermerhorn expect to make their home in California. During their long residence in Jacksonville they have made many friends who will regret to see them leave. Dr. Noyes is a cousin of L. S. Doane and S. A. Fairbank.

PREMIER WINS VICTORY.

Madrid, March 9.—Eduardo Dato, the Spanish premier, won a sweeping victory in the general elections yesterday. He will continue to hold office with a majority in the chamber of deputies of nearly 100 over all possible combinations.

BURNING OF BRIDGES PUZZLES INSURGENTS

CARRANZA READY TO MARCH INTO CHIHUAHUA STATE

Two Railroad Bridges and a Trestle Are Destroyed by Fire on Eve of Rebel Commander's Departure From Agua Prieta.

Agua Prieta, Sonora, Mex., Mar. 10.—The burning of bridges on railroads southwest of this point puzzled insurgent officials today upon the eve of General Carranza's departure upon his march into Chihuahua state. During yesterday afternoon and last night two bridges were burned on the Southern Pacific branch between Cananea and Nogales and a trestle was destroyed by fire on the Nacozari railroad below Agua Prieta.

Although General Carranza will march directly from this town upon his 200 mile ride into the eastern state, the incident caused much speculation. As far as known there are no federal troops between Guaymas, on the California Gulf and Torreon. A few small bands of marauders were said to be operating along the Mexican Northwestern railroad below Juarez.

General Carranza, who, it was announced officially would begin his march tomorrow will be accompanied by nearly 1,000 troops. It was said that combination of the independent federal forces in the two border states could offer no resistance to his progress east. A battalion of infantry began its march today along the trails which will be taken later by the constitutionalist commander and a strong escort of cavalry.

Clear Up Mystery.

Washington, March 10.—Comprehensive reports from Major General Bliss, commanding the American border patrol and from American Consul Garrett at Laredo received at the war and state departments today cleared up the mystery which had surrounded the delivery on American soil of the body of the horse trader Clemente Vergara.

The reports completely satisfied the officials who had been committed by national or state agents in violation of Mexican sovereignty and if there was any offense in the removal of the body from Mexico it was committed by individuals so the matter could not be made an international issue. Secretary Bryan stated that he would not undertake to prosecute the persons who obtained the body even if he knew their identity which he did not.

The finding of the body of Vergara, has had the result of advancing the prosecution of the claim against the Huerta government for reparation and today Secretary Bryan transmitted the telegraphic report from Consul Garrett to Charge O'Shaughnessy in Mexico City. It is understood the primary purpose of this is to disprove the original allegation of the Mexican federal commander at Nuevo Laredo that Vergara had made his escape from captivity and joined the constitutionalists. With the body in evidence as soon as further facts as to the character of Vergara's fatal wounds are developing by the investigation Governor Colquhoun is now making. Mr. O'Shaughnessy will be prepared to call upon General Huerta to redeem his promise to punish the federal officers who killed Vergara.

Bottle Up Harbor.

Mexico City, Mex., March 10.—Federal forces today bottled up in the harbor of Topolobampo the Gunboat Tampico, whose mutinous crew recently enlisted her with the rebels when they sank at the mouth of the harbor the Gunboat Democrata.

CHICAGO ELEVATED TRAIN CRASHES INTO INTERURBAN

CHICAGO, March 10.—A Chicago elevated railroad train crashed into the rear-end of a Chicago, Milwaukee & Racine interurban train today in Wilmette, Ill., a suburb of Chicago, bruising and shaking up a number of passengers on the local train. Both trains were badly smashed and wrecking crews were summoned to clear the tracks. The elevated train runs on the ground when it reaches the northern part of the city and the tracks of the two systems come together in Wilmette.

JOLIET BARBERS COMPLAIN AGAINST SALOON-KEEPERS

JOLIET, Ill., March 10.—Because the city council refused to support a proposed law to close all business houses, including barber shops, on Sunday, a committee from the Barber's Union today swore out complaints against ten saloon-keepers for violation of the Sunday closing law. Two city aldermen were among those complained against. The barbers said other warrants would follow.

TWO AVIATORS KILLED.

Vienna, March 9.—Lieut. Esner, a military aviator and a non-commissioned officer who accompanied him as a passenger were killed today at the Aspern Aerodrome when their aeroplane fell. The accident was due to the breakdown of the motor.

BISHOP CRITICALLY ILL.

Trenton, N. J., March 10.—The Right Rev. John Scarborough, bishop of the Episcopal diocese of New Jersey is critically ill at his home here. He is suffering from pleural pneumonia. The bishop is 83 years old.

I. W. W. "ARMY" IS UNABLE TO PROCEED IN ANY DIRECTION

Unemployed Driven Out of Sacramento Are Prevented From Escaping by Flood Waters and Sacramento Officials.

Sacramento, Calif., March 10.—With the "army" of Industrial Workers of the World enroute to Washington, desolated across the Sacramento river in Yolo county while Sacramento and Yolo counties decide in the courts as to the former's right to keep it there, the prosecution of the leaders of the jobless force was begun today with the arraignment of nineteen arrested yesterday as vagrants.

"General" James Kelly pleaded not guilty to the charge of vagrancy before township justice Clarkson and demanded a jury trial. Edward E. Teeddale, John Randolph and John McLennan, his lieutenants, did the same and their cases will be called before the juries next Thursday. Kelly was asked if he wanted an attorney but replied that he would act as his own counsel.

As far as the unemployed army is concerned, Sacramento county is on the defensive. The army voted late today to march peacefully through the city on its way eastward if the police would permit but the Sacramento authorities rejected the proposal.

Chairman Stitt of the Yolo supervisors and district attorney E. C. Bailey of that county asked that the Sacramento guards be removed from the bridge and the army be allowed to cross. This request also was refused. The Yolo officials then threatened to start legal proceedings to enjoin Sacramento from guarding the bridges—and there the situation rests. The unemployed occupy a peculiar position, according to the Yolo county officials. With flood water in the Yolo basin shutting off a march to the south, west or north, they have but one direction to take and that is eastward across the bridges into Sacramento.

Sacramento again prepared for a night vigil with armed deputies. William Ahern, former chief of police was put in charge of several hundred deputies who will establish a patrol system. No food other than that provided by the Citizens' committee of Sacramento from day to day is in sight for the unemployed.

Majority of Cases Disposed Of.

New York, March 10.—All but ten of the 191 cases growing out of the arrests of unemployed and members and leaders of the Industrial Workers of the World last week in St. Alphonsus church had been disposed of, when the chief magistrate's court closed tonight. Five of the men still facing trial are out on bail and another five are in the predicament of having forgotten the fictitious names they gave at the time of their arrest.

Within thirty five minutes after forty four of the men pleaded guilty and were released under suspended sentence.

Isador Trotman, said to have been one of the leaders of the "army" was sentenced to thirty days in the workhouse.

Samuel Rappaport was sentenced to three days and Percy Marmer, a student in a school of journalism, was set free under suspended sentence after a plea had been made by his sister.

Miss Gussie Miller, a young woman who maintained that she had gone to the church to see that the unemployed were fed and housed, was severely reprimanded by Magistrate Campbell but later released in custody of her counsel.

You can't afford to miss that game tonight. Route vs. J. H. S.

DETAIL OF MILITIA ORDERS STRIKERS TO LEAVE CAMP

TRINIDAD, Colo., March 10.—The strikers' tent colony at Forbes, where two dozen families have been sheltered by canvas since Sept. 23rd, last was swept out of existence today, when a detail of militia under orders from General Charles Chase tore down all but two tents. The strikers were ordered to vacate and leave the camp within forty-eight hours and take their household effects with them. The two tents left standing are occupied by the women of the camp.

POSSE KILLS INSANE MAN.

Belle Fontaine, O., March 10.—Samuel Godwin, an insane man was shot and instantly killed by a posse today after he had shot and probably fatally wounded Sheriff Robert Cook of Logan county and barricaded himself in his shanty in a woods near this city.

THE WEATHER

WASHINGTON, March 10.—For Illinois: Snow in north, rain or snow in south Wednesday, colder in south; Thursday cloudy; moderate brisk northeast and north winds.

Temperatures.

The current, maximum and minimum temperatures recorded Tuesday were:

	Current.	High.	Low.
Jacksonville	38	40	30
Boston	39	34	18
Puflalo	26	28	20

Helena	54	60	50
San Francisco	51	60	40
Winnipeg	16	20	6

TEN BODIES TAKEN FROM RUINS OF M.A.C. BUILDING

TWENTY MORE ARE THOUGHT TO BE BURIED IN THE DEBRIS

Many Days May Elapse Before the Basement Can Be Cleared and Explored and Some Bodies May Never Be Recovered

St. Louis, Mo., March 10.—Ten bodies had been recovered late this afternoon from the ruins of the seven story building occupied by the Missouri Athletic Club which was destroyed by fire early Monday morning. Of these three were recovered after the firemen entered the ruins today. The other seven were recovered yesterday.

Twenty bodies are thought to be in the ruins making the total death toll 30.

Of the ten bodies recovered eight have been identified.

The Identified Dead.

Marshall Bier, head of Marshall Bier & Co., fur dealers, St. Louis.

Lucius Ruff, department head Simmons Hardware company.

William J. Kinser, treasurer Kinser Construction company.

James B. Reilly, member contracting firm of Ware & Reilly, St. Louis.

John M. Rickey, Chicago, treasurer Ford Manufacturing company.

William F. Erd, lawyer and real-estate dealer, East St. Louis.

Edwin Kessler, cashier Ludlow Saylor Wire company, St. Louis.

E. P. Williams, bank promoter, Santee, Ga.

Days, probably will elapse before the ruins which fill the basement up to the first floor are completely explored and it is feared many of the bodies will never be recovered.

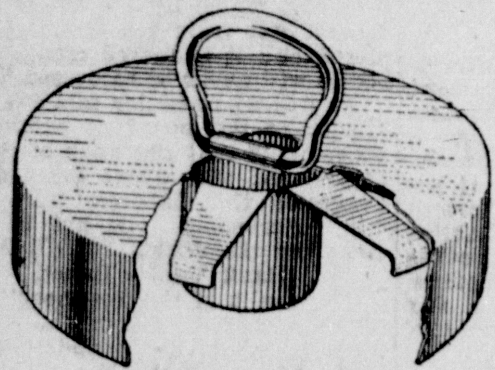

Our Guarantee As Well As The Maker's Behind It.

We feature the Chesterfield watch because we know how it is made—because we know it will give unqualified satisfaction.

We especially advise the Chesterfield 12-size, 17 jewel, extra thin, open face model, 25 year case at \$35.00. Other Chesterfield models \$15 to \$100.

MR. REEVE OUTLINES BIG 1914 CAMPAIGN

**PRESIDENT OF CHAMBER OF
COMMERCE MAKES POTENT
SUGGESTIONS FOR WORK.**

Statement Made at Director's Meeting Tuesday Night Caused Animated Discussion—Underground Wiring, Boulevard Lighting System and Consolidation of Telephone Systems Among the Ideas Advanced as Desirable.

A regular meeting of the directors of the Chamber of Commerce was held Tuesday night when various matters of importance were given consideration. President J. J. Reeve made a formal statement to the directors in which he outlined a number of matters which he thinks should have serious attention during this year. Mr. Reeve's suggestions included such things as the consolidation of the two telephone companies here, the placing of all overhead wires underground, the building of a coliseum and other matters of equal importance. The complete statement is given below.

There was a full attendance of the directors with several visitors, the assemblage including M. F. Dunlap, H. M. Capps, Frank Byrns, W. S. Ehrlie, T. M. Tomlinson, E. E. Crabtree, F. J. Heintz, F. H. Bode, W. J. Brady, H. J. Rodgers, J. R. Harker, O. F. Buffe, Dr. Edward Powe, W. H. Cocking, Fred Hopper, Geo. Vancannello, Geo. E. Doying, Henry Frisch and J. R. Bowls of Springfield and Secretary Fritchey. Announcement was made by President Reeve of the department committees having been made after consultation with the several chairmen.

Committees Named.
The committees are as follows, the first named on each being the chairman. Standing committees are also named.

Public Affairs—Henry J. Rodgers, Edward Powe, Fletcher Hopper, C. H. Rammekamp, I. F. Brennan, F. J. Andrews.
Rural Affairs—F. J. Heintz, A. M. Masters, Dr. J. W. Haigrove, W. E. Hall, Dr. E. L. Crouch, J. W. Walton.

Transportation—F. H. Bode, E. J. Howells, W. D. Cates, C. F. Ehrlie, Geo. E. Doying, W. B. Miser.

Finance—H. M. Capps, E. E. Crabtree, L. F. O'Donnell, Thos. Hopper, G. H. Kopper, C. A. Johnson.

Promotion—O. F. Buffe, W. J. Brady, Bernard Gause, Henry Frisch, H. M. Andre, A. Wehl.

Retail—T. M. Tomlinson, C. C. Phelps, G. B. Andre, C. L. Marhis, J. W. Merrigan, M. R. Fitch.

Publicity—H. B. Brady, W. C. Bracliff, A. A. Kenner, O. F. Carr, Conventions—J. B. Snell, Harry Hoffmann, F. H. Brewer, John Larson.

Membership—G. H. Kopper, Harry Obermeyer, C. B. Massey, John D. Cain, Cole Y. Rowe, W. F. Widmayer, E. F. Johnston, H. K. Chenoweth, Ralph I. Dunlap, Marcy Osborne.

Reports Presented.
Frank J. Heintz as chairman of the rural affairs committee made a verbal report on the proposition to secure a feed lot and also a plan for having a luncheon with the purpose in view of interesting farmers in some sort of an organization. After some discussion these matters were referred back to the committee.

Mention was also made by Mr. Heintz of a meeting soon to be held in Griggsville to arouse interest in a national highway from Indianapolis to Colorado Springs.

H. M. Capps called attention to the need of a special effort for securing additional members and this matter was referred to the membership committee.

Secretary Fritchey spoke of the movement which is under way to organize the commercial clubs of this part of the state and there was some discussion whether Jacksonville shall become a member and action was deferred.

Dr. Harker referred to the meeting of the Central Illinois Teachers' Association to be held March 27th and 28th when in all probability 1200 teachers will be here and expressed a hope that some special effort might be made to show them that Jacksonville appreciates their attendance.

W. H. Cocking was present by invitation by F. H. Bode, president of the transportation committee and explained some of the inequalities which existed in freight rates as affecting Jacksonville. Some of the rates he quoted showed at what serious disadvantage shippers in Jacksonville are by comparison with other cities.

How Springfield Secured Lower Rates
J. R. Bowls, traffic director of the Springfield chamber of commerce was present and when invited to speak related how after years of legal struggle Springfield had been able to secure from the interstate commerce commission certain reductions on shipments to and from the east and to and from the west. The reduction asked for was seven per cent and that secured was four per cent which is estimated is saving the business men of Springfield \$100,000 a year. He said that if Jacksonville would join in another suit or hearing which the Springfield chamber of commerce is now getting ready to push there was no reason why Jacksonville would not be given as favorable rates as Springfield. He said that this could be done at an expense of \$1,000, to Jacksonville and that for a period of one year a traffic man could come from Springfield for at least a day and a half each week and investigate and correct any freight claims or local tariff troubles. This whole matter was referred to the transportation committee.

The suggestion in Mr. Reeve's address that boulevard lighting would be a very desirable thing for Jacksonville resulted in a great deal of discussion and the sentiment so far as expressed was favorable to having a start made in this line as a regular public improvement through the board of local improvement if the board was willing to act.

Boulevard Lighting Discussed.
Dr. Harker spoke of the desirability of having East State street equipped with boulevard lamps and Henry Frisch told of some investigation with reference to residence districts. Mr. Reeve was of the opinion that if lamps were installed on one or two streets there would be a great demand for them from other localities.

The reference made by Mr. Reeve to a coliseum was developed more fully by O. F. Buffe, chairman of the promotion committee and it was the general understanding that there is a definite movement on foot to secure a coliseum.

The suggestions made by Mr. Reeve were in numbered sections and were referred to various department committees as follows: coliseum and telephone consolidation to promotion committee; shade trees and city affairs committee with the suggestion that interest of Womans club can be secured; freight rates and coal haulage to transportation committee; effort to interest young men, to Boosters department; effort to keep in touch with farmers, to rural affairs committee.

Mr. Reeve's suggestion in full were as follows:
"It has occurred to me to be proper, in looking forward to the activities of this organization for the next year, to submit a few thoughts with reference to the duties and responsibilities of this organization to the citizenship of Jacksonville."

We have a membership of near three hundred men who are primarily interested in the business and civic conditions of this community. If there is any reason for the existence of such an organization, then we ought to find some few things, at least, which we can either promote or lend our assistance to others in carrying out something beneficial for the citizenship of Jacksonville.

Must Act in Unison.
"If, as an organization, we can come to one mind upon any one thing that is for the betterment of this community and exercise our influence in that direction, we ought to be able to show good results."

"As a board of directors, we are charged with the duty and responsibility of making an honest effort to do, or assist in doing some of these things. With this in mind, I beg to submit to you a few suggestions which I have talked over with the heads of the various committees, any one of which I believe would be beneficial to the citizenship of this community."

"First—I am advised that the promotion committee has in mind the forwarding of a proposition to construct a coliseum. I think no one would question the feasibility and the necessity of such a building. The details touching this improvement will be explained by the chairman of that committee and I believe we should give it every consideration and the committee all the assistance that is within our power."

The Best Place to Live.
"Second—I am clearly of the opinion that the more we can do to extend the name and reputation of the City of Jacksonville as one of the most beautiful residence cities in the whole country, the more we are working in the line of the greatest development of our city. There are hundreds of families throughout the central west who are simply looking for the best place to live, and a family of that character attracted to the city of Jacksonville on account of its beauty as a residence city is as great a benefactor to the business interests of Jacksonville as a family brought here for any other purpose."

"I believe that a boulevard system of lighting in the city of Jacksonville would do as much toward beautifying the city as any one thing. This system can be installed by special taxation of contiguous property, which assessment could be divided into ten installments drawing 5 per cent interest, making the annual outlay for such a system a very nominal sum to any property holder and increasing the value of the property double the cost of the installing of such system."

Wires Underground.
In that same connection, I believe that all of the wires within the fire limits should immediately be put under ground, and that, say 10 per cent of all telephone and electric light and telegraph wires should be put under ground each year throughout the residence part of the city until all of the wires are underground. When this shall have been accomplished, and all of the poles removed from the streets, the city pavement rehabilitated and certain connections made with street pavement already in, in my judgment we would have the most beautiful streets of any city in the whole country, such as would be attractive and of which we could be justly proud."

"There is no reason why an arrangement might not be made with the public utilities companies whereby by one excavation would take care of all of this underground work. When the boulevard system of lighting is installed, arrangements could be made for lighting the buildings in the business district and the houses in the residence district from the same source. I take it that there are comparatively few homes in the residence districts but what would be glad to pay a proper share for such improvement, so that in case of storm, sleet and other disturbances which shut off the light and destroy the telephone service, they can rest assured the service would not be interrupted."

Protecting Shade Trees.
"Third—We have the most beautiful shade trees of any city in the whole country; but these trees have

cussion and the sentiment so far as expressed was favorable to having a start made in this line as a regular public improvement through the board of local improvement if the board was willing to act.

Bond in the Sum of \$10,000 Is Expected to Be Secured Today for Frank Nunes—Judge Creighton Grants Writ on Inquest Evidence.

Mrs. Mary Nunes and Jacob DeOrnellas Out on Bond

Mrs. Mary Nunes and Jacob DeOrnellas were released from the county jail Tuesday on bond as the result of a hearing before Judge Creighton at Springfield on a writ of habeas corpus. Their bond was \$3,000 each. Jacob DeOrnellas had as his bondsmen Mrs. Mary Nunes and her two children, Mrs. Irene Fortado and Charles Nunes. The bond of Frank Nunes was placed at \$10,000 and it is expected that the necessary bondsmen will be secured some time today.

Attorney W. N. Hairgrove and Attorney John M. Butler, for the defense, and T. F. Smith, who is assisting State's Attorney Tilton in the prosecution, were in Springfield yesterday. The arguments heard and Judge Creighton thought that the evidence as presented at the coroner's inquest was sufficient to give a decision. The order was given at 2 o'clock.

Routt vs. J.H.S., Liberty hall, 8:30

A CHEAPER CAR.
And now news comes of a yet cheaper car, a machine so cheap that no one must mortgage himself out of house and home in order to drive an auto. The new car, according to the current Automobile, will sell for \$295, will have a 90-inch wheel base and 28-inch wire spoke wheels. It will have a 4-inch stroke and a 2.31-inch bore. The car will be made in New York and will be put on the market next summer.

STREET AND PARTY DRESSES WORTH WHILE TO SEE AT HERMAN'S.

MEDICAL SOCIETY MEETING.
The Morgan County Medical society will meet tomorrow evening at the medical library for its regular March session. The subject will be "The Hospital Care of the Sick," and the discussion will be made from the threefold standpoint of state, public and special hospitals. Dr. C. R. Lowe and Dr. T. G. McLin will speak of the hospital care of the sick by the state and Dr. C. E. Black and E. L. Crouch will have as their subject "Public Hospitals." Dr. Frank P. Norbury and Dr. James Allmond Day will discuss the matter relative to "Special Hospitals."

MISSING MAN KNOWN HERE.
Among the missing men mentioned in the big fire at St. Louis early Monday morning is Frank W. Albright. He was a traveling salesman for the Rice-Six Dry Goods company of St. Louis and had a great many friends in Jacksonville. It was only last Wednesday that he was here looking after his company's interests. He was a young man of much business ability and made friends wherever he went.

HEADACHY, COSTIVE BILIOUS,—"CASCARETS"

Sick Headache, Bad Breath, Sour Stomach, Measly Liver and Bowels Are Clogged—Cheer Up!

Get at 10-cent box. Sick headache, biliousness, dizziness, coated tongue, foul taste and foul breath—always trace them to torpid liver; delayed, fermenting food in the bowels or sour gassy stomach.

Poisonous matter clogged in the intestines, instead of being cast out of the system is re-absorbed into the blood. When this poison reaches the delicate brain tissue it causes congestion and that dull, throbbing, sickening headache.

Cascarets immediately cleanse the stomach, remove the sour, undigested food and foul gases, take the excess bile from the liver and carry out all the constipated waste matter and poisons in the bowels.

A Cascaret tonight will surely straighten you out by morning. They work while you sleep—a 10-cent box from your druggist means your clear, stomach sweet and your liver and bowels regular for months.

BEST VALUES IN COFFEE

Are to be Found at
ROBERTS BROS.

All our Coffees are good purchases. We keep the drinking quality uniform regardless of what may be happening on the market and it would be hard to match values with us. Price for Price and Quality for Quality. We buy in bulk—we sell in bulk and by so doing give to our customers The Best Values and Less the Cost of the Packages.

ITEMS OF INTEREST

Sugar Corn.—We now have this wholesome food in Evaporated form at 15 cents per pound. One pound is equivalent to 3 cans of corn.

Cranberries packed under the Oriole brand. Evaporated and one package is equal to one quart of Fresh Cranberries, 10c.

Finest Bismark Herring in Glass ready to eat, only 10c.

Blue Sea Tuna Fish, the finest packed—the original brand—packed by Southern California Fish Co., San Pedro California, No. 1 Tins, 25c.

Pure Georges Cod Fish—The finest to be had at any price. Not a bone, pure, pearl white Cod Fish 2 lb. wood boxes 45c. You might match the price, but how about the quality?

Our method of serving our patrons compels us to carry goods of quality only. We cannot risk taking "chances" and if you were here and could see us selecting our stocks you would learn that a low price alone has little attraction for us. We must look first of all to quality. Our entire extensive stocks are bought on this basis, and if you really want to buy the best for the least money strike up an acquaintance with us.

To think that a saving in prices is the only benefit to be gained in dealing with us is to make a mistake.

Mr. and Mrs. Frank Smith, Miss Ida Megginson and Mrs. William Colton and daughter Edith were here yesterday from Woodson.

Miss Julia Kuehling of St. Louis has taken a position as trimmer in the Henry millinery store. Miss Kuehling succeeds Miss Nana Mitchell who recently went to St. Louis.

W. H. Sanford who was called here by the death of his father, Dr. George H. Sanford, returned last night to his home in Portland, Ore. He is much pleased with his far-away residence and feels that his prospects generally are good.

Charles Potter has finally decided that like the far famed Cincinnati of old he likes the soil and rural life best, so has secured a farm south of Lynnvill and will soon move to it. Jacksonville will be sorry to lose a good family and that part of the county will be the large gainer.

BOARD AWARDS CONTRACT FOR MANUAL TRAINING MACHINERY

Also Consider Matter of Heating New Eighth Grade Building and Complaint Regarding Special Teachers.

At the adjourned session of the Board of Education held Tuesday night three matters were given consideration, that of heating the new eighth grade building, the complaint regarding the special teachers and the matter of awarding bids for new manual training machinery.

All members excepting Mr. Bavington, were present and President Davis presided. Miss Smith, instructor in art; Miss Goodrich, instructor in music; and Miss Brown, instructor in manual training, were also present at the session including Superintendent Gore.

The communication from Architect Buckingham regarding the heating of the eighth grade building was again taken up and discussed with two members of the Jacksonville Plumbing & Heating Company. It was finally decided to let the contractors and the architect go over the matter and to decide on it at the meeting next Monday night.

When the matter of complaint regarding the special teachers was taken up Miss Smith stated that she had followed Miss Doh's program, with only one exception and that was made at the request of Miss Lusk, principal of the Washington school. She gave copies of her program to members of the board and said she felt that the work was going along nicely.

Miss Goodrich stated that the fact that they are supervisors of instruction in art and music, are not teachers, seemed to have been overlooked. She also gave her schedule of teaching and when it was suggested that the complaint seemed to be more on account of extra work at the college Miss Goodrich said that it was done after school hours and she felt that it was her own time. She also stated that before accepting the offer at the college she had spoken to three board members, regarding it and that they were of the opinion that it would be all right if it were done outside of school hours. Both special teachers stated that they would like to have some of the parents accompany them, so that they could see just what is being done. The matter was finally laid over to be taken up at a meeting of the board members, the special teachers and the superintendent, at a time to be set later.

Bids for the manual training machinery were opened and after examination the various plans and specifications offered by the two bidders, the board decided on direct current for lathes and alternating current for constant speed machines. The contract was awarded to the American Wood Working Machinery Company of Chicago, for \$1,190. The equipment is to include three lathes, one hand saw, one grind stone and one universal saw. In all these belts are discarded, the power being directly attached to the machine by motors and all is of the latest and most improved design.

You can see great vaudeville at the Grand Opera house this afternoon and tonight. Get seats early.

MANY HEAR READING AT PUBLIC LIBRARY.

Miss Editha Parsons of I. W. C. De-lights Audience With "Polly at the Circus."

One of the largest audiences of the year was present at the public library Tuesday evening to hear Miss Editha Parsons, head of the department of expression at the Illinois Woman's college, in a delightful rendition of Mayo's "Polly at the Circus." Her delineation of the trusting but strong willed character of Polly was surpassingly excellent and the simple, straightforward manner with which she related the life story of the little show girl won the sincere appreciation of her hearers from the very start.

"Polly at the Circus" has been written both as a story and a play. Miss Parsons gave the prose story. The narrative begins with Polly as a little circus girl who is injured and thereby incapacitated from duty. She is befriended and taken in by the village minister who is loath to give her up even after she recovers from the effects of her injury. Polly, on her part also, is loath to go and not have done so had not sharp-tongued scandal mongers and Pharisaical churchmen made it unpleasant for her to remain. When she does return, after various vicissitudes, she returns for good and all and of course can do nothing but "live happily ever after."

CLASSY SPRING COATS FROM \$6.95 AND UP AT HERMAN'S.

GIVE ALARMS TO TELEPHONE EXCHANGES

When you wish to turn in an alarm of fire call the central office of either telephone system and tell the operator where the fire is. The operator will immediately convey the alarm to the department. When any call is made to a telephone central for the fire department the inquiry is made whether or not a fire is to be reported and the connection is not given in case of fire.

The reason for this arrangement Fire Chief Wood explained yesterday is that the average man or woman who reports a fire by phone is so excited that often the name and location are not clearly given. If such an incomplete call comes direct to the department it is powerless but if given to the operator she can tell where the call came from. The arrangement whereby calls for the department are transmitted by the operators does not delay service but tends to better it.

Introducing More New Arrivals in Spring Dress Goods

Our stocks are being augmented daily with new things in the dress goods line, which makes this store a most interesting place to visit while the needs of your wardrobe for early spring wear are under consideration. We call your attention to some of the latest arrivals, which we recommend to you as being novelties of unusual merit.

DRAINAGE CASE GOES TO JURY

After Organizing Jurors Adjourn Until Friday, When They Will Inspect District.

Tuesday afternoon at 4 o'clock, Judge Baldwin finished his instructions in the Mauvalsterre Drainage case and the matter was given to the jury. An organization of the jury was perfected with Jerry Cox as foreman, Marcus Hulett as clerk and Charles Cussins, assistant clerk, after which the jurors adjourned until 8 o'clock Friday morning, when they will inspect the district.

HOW A BROOKLYN GIRL

Got Strong and Well Again. Grace D. Lamb of Brooklyn, N. Y., says: "I was all run down and on the verge of nervous prostration. I could not sleep for pain in my back. In all, I was a wreck. A friend told me what Vinol had done for her little girl, so I tried it. I noticed an improvement after the first bottle. I could sleep well, my appetite improved, and after taking three bottles I am strong and well again."

Vinol is the most efficient strength creator for such women. It is the medicinal elements of the cod's livers contained in Vinol aided by the blood making and strengthening properties of tonic iron which makes it so far superior to all other tonics to build up health and strength for weak, tired, ailing women. It contains no oil and has a delicious taste.

We give back your money if Vinol does not do all that we claim.—Lee P. Alcott, druggist, Jacksonville, Ill. P. S.—If you have any skin trouble try Saxo Salve. We guarantee it. (Adv.)

CHAMBER OF COMMERCE HELD LUNCHEON AT THE DUNLAP

Prof. Wilhelm Miller Offered Sug-
gestions for Beautifying Streets
and Lawns at Small Expenditure.

The noonday luncheon given by the Chamber of Commerce at the Dunlap Tuesday was fairly well attended. John J. Reeve, the president, presided and grace was said by Rev. W. W. Theobald, pastor of Brooklyn church.

After the luncheon had been served Mr. Reeve introduced Prof. Wilhelm Miller of the University of Illinois who talked in an informal way on landscape gardening as related to Jacksonville. Mr. Miller spoke for only a few minutes but gave some very practical suggestions during that time. He said there were six ways in which people of Jacksonville could do something toward improving the general appearance of the city so far as the trees and general landscape effects are concerned.

He mentioned as the first of these the forming of a shade tree commission here or the appointment of a city forester and said in this way only could problems be fully met. He said that doubtless people here were prone to overlook what real addition to the city's wealth the trees are and that in Hartford Conn., the estimate made of the real worth of trees is \$1.00 per square inch based on the value that the trees had to real estate. A second way that the speaker said Jacksonville could be benefitted was studying the comprehensive plan adopted for landscape gardening on the Illinois College campus and if possible helping in the development of that plan.

A third matter of importance in this regard is foundation planning and residents here who have made some start in this regard deserve due credit. An individual who spends ten dollars wisely in this way can accomplish a great deal. "A fourth field which can accomplish much is neighborhood planting," he said, "and this will result in a new and better type of improvement and I know of places where the value of real estate has by this means been increased five hundred dollars in five years at a comparatively small cost. This can be done first by street planting; secondly by foundation planting and third by connecting shrubbery. This last flies a street into a park. At the university we can supply you here with a scheme for planting and can give you plans different from those used anywhere else and the only cost would be for a man to make the survey. A fifth opportunity is for you to secure some one to design a house of the prairie style of architecture such as that developed by such men as Sulling, Guffing and Wright. It is a style which after years of effort has been found the most suitable for this locality. I have looked over your parks and public grounds and have no suggestions to make as to anything materially beneficial which could be accomplished speedily. For immediate betterments I think that the best thing would be to organize neighborhood clubs and do something in this line on West State street and West College avenue. This could be done without any great expense and would serve as an example to residents in other portions of the city."

The speaker said that he could not go into the subject fully in so short a time and said that he would talk in a more extended way in his address to the ladies in the afternoon. Dr. Pitner tendered a cordial invitation to any one present to hear an informal lecture by Mr. Miller at his home last night.

MARVELOUS MUSICAL PRODIGY.
Blind Boone, his 33rd season before the public. Hear him at Grace church Thursday evening. Admission 25c and 15c.

**ILLINOIS' OPPONENT
IS NORMAL UNIVERSITY**
Will Play Third Game of the Schedule in the Finals at Bloomington.

Illinois college basketball team, will go up against Normal for the first round in the finals for state honors to be held in Bloomington Friday and Saturday. The meet will start at 2:30 p. m., Friday afternoon with Hedding and McKendree playing. Bradley and Wesleyan at 3:30 and at 7 p. m., Normal and Illinois will lineup and Millikin and Augustana at 8 p. m. The loser of the Hedding game will play the loser of the Bradley game at 9 p. m. Friday. Millikin looks up as a strong contender for the honors, although Wesleyan and Normal both have fast teams. Illinois has been defeated twice by Millikin and just where I. C. will be placed can be determined a great deal on the result of their game with Normal. Rev. nolds of Chicago and Nichols of the University of Chicago will act as officials.

Be sure to see the greatest vaudeville ever at the Grand this afternoon and tonight.

OWNS MUCH PROPERTY.

Recent statistics compiled in Springfield shows that the Catholic church properties of that place and buildings are estimated as being worth \$915,000. There are about 2,215 families identified with the eight churches of the city.

Reports from the sick room of States Attorney Robert Tilton are of an encouraging character and he is said to be gaining strength slowly but steadily.

MADE ANSWER TO ARGUMENTS
PRESENTED BY GOLDSTEIN

Rev. Thomas J. Thompson Gave Address on Socialism at the Court House Tuesday Night.

An audience of good size assembled at the court house last night to hear Rev. Thomas J. Thompson make a defense of Socialism in answer to the arguments advanced by David Goldstein at the Grand Opera house last Sunday.

Rev. Mr. Thompson proved himself an able exponent of the cause he represents and made a concise clear cut address. He paid particular attention to the charge made by Mr. Goldstein that Socialism is opposed to Christianity. A full outline of Mr. Thompson's address will be presented in tomorrow's issue.

WEALTH OF HAIR

Parisian Sage Makes Thin Lifeless Hair Soft and Abundant.

Beautiful hair, fluffy, lustrous, abundant and free from dandruff, is one of woman's greatest charms—It's her main delight—yet so many of the fair sex have streaked, thin and lifeless hair, and think there is no remedy. Beautiful hair is largely a matter of attention. Parisian Sage frequently applied and well rubbed into the scalp works wonders. Try it today, and you will be surprised with the result—not only will the hair become abundant, soft, fluffy, radiant with life, but really doubly beautiful.

Parisian Sage supplies hair and scalp needs. It surely removes dandruff with one application stops itching head and cleanses the hair of all dirt and excessive oil.

All drug and toilet counters sell Parisian Sage in fifty cent bottles. Look for the trade mark—"The Girl with the Auburn Hair." Try at least one bottle from Coover and Shreve. They will refund the money if you are not satisfied.—Adv.

THE JACKSONVILLE JOURNAL
Published by
JACKSONVILLE JOURNAL CO.

MR. REEVE PLANS WISELY.

The statement presented last night by John J. Reeve, president of the Chamber of Commerce to the directors might more properly be called his inaugural address. As such the document is one worthy of careful consideration outlining as it does a definite program of action for the Chamber of Commerce members and directors during the coming year.

It is very evident that Mr. Reeve desires to have something really worth while accomplished during his administration and that he realizes that the best thing which can happen to the Chamber of Commerce and to emphasize its value in the public mind is to accomplish some definite thing which can be "pointed to with pride," as something the chamber of commerce has done. There are many good things the organization accomplishes which are more or less intangible although of certain helpfulness to the merchants of the city and the people as a whole but to bring to pass some of the things Mr. Reeve has outlined will aside from the accomplishment of the things themselves give prestige to the Chamber of Commerce.

Mr. Reeve has suggested that a consolidation of the telephone systems here would cut down an economic waste. He points to the damage done to the street pavements by the hauling of coal to the state institution and the electric light plant and advocates some immediate action to provide a system of boulevard street lighting. One of the most important things to which President Reeve directs attention is that all light, phone and telegraph wires within the city limits should immediately be placed underground and that like action be taken in the residence district, a portion each year, until in ten years all wires have been placed in conduits. The matter of highway improvement referred to is vastly important and the same might be said of the reference to the city's shade trees.

Another suggestion which Mr. Reeve makes is the value there is in laying stress upon Jacksonville as a desirable place of residence. This idea is not as tangible as some of the others advanced but is nevertheless one of the most important made. This is a movement which costs nothing. It is a movement in which every citizen could and should take part. The question as to whether or not Jacksonville has advantages to offer as a manufacturing city is one for debate but when it comes to booming Jacksonville as a desirable place to live in, as a place with delightful home surroundings, every man, woman and child here can give testimony and back up the testimony by the proof. Perhaps we cannot get large industries for the city speedily but if everybody boosts for Jacksonville as the best place of residence in Illinois we can secure more residents and the more people we get here, the better off the city as a whole will be. Increase the population by this spirit and almost any other thing that the city desires can be secured. Mr. Reeve gives evidence that as chief officer of the Chamber of Commerce he has a broad vision, a desire to accomplish something for the city and the year promises to be a fruitful one for the Chamber of Commerce and for Jacksonville.

JUDGE BALDWIN'S CANDIDACY.

Two weeks from today the results of the special primary to nominate the successor of Judge O. P. Thompson will be known. The interest in this contest so far as Morgan county is concerned centers in Judge F. E. Baldwin, a Morgan county product. In the prime of a vigorous manhood Judge Baldwin has the learning and integrity so necessary for the judicial office.

Almost one half of his life has been given to his profession and its work. For four years of this time he was county judge of Morgan county and the strongest testimonial to his judicial ability is found in the fact that not a single decision appealed from his court was reversed or remanded by the higher courts.

John A. Bellatti, recognized as one of the ablest lawyers in western Illinois and a member of the Morgan county bar paid the following tribute to the ability of Morgan county's candidate:

"From years of association with him as a practicing attorney and as county judge, I believe Judge Baldwin has such knowledge of the law, legal ability and application in the study of the law as eminently qualify him for the office of judge of the circuit court. And in his personal and official honesty and integrity the people may have implicit confidence."

Judge Baldwin's friends feel confident that if the Democrats of Morgan county loyally support him he will receive the nomination on Tuesday, March 24.

FARMERS ORGANIZE FOR WORK.

About thirty farmers of Jackson, Will county, have recently organized a permanent crop investment association. In addition to carrying on the soil and crop work, the association will provide short course instructions, discussions, debates, etc., holding meetings twice a month. This is a good move in the line of social center advancement.

HAS PENSION SCHOOL PLANS

A pension plan to benefit Oak Park school teachers will be put into operation with the beginning of the school year next fall. Under the law the school board can apply to the fund the interest derived from money on hand, and the remainder is to be paid by the teachers who benefit by the fund. The amount of the pensions is to be regulated by a pension board, which will consist of

three members of the school board and six teachers.

Teachers who enter the pension fund plan will pay as follows:

First five years, \$5 a year; second five years, \$10 a year; third five years, \$15 a year.

After twenty-five years' service in the schools teachers can retire on a pension, the maximum to be \$400 a year.

PRINCE HENRY OF PRUSSIA STARTS TO SOUTH AMERICA

Purpose is to Help Impress Importance of Germany and Cultivate Closer Relations.

Hamburg, March 10.—Prince Henry of Prussia, brother of the Emperor, is now enroute to South America. The new steamship Cape Trafalgar, upon which the prince and princess and their suite are traveling, sailed from this port today on her maiden voyage to Buenos Ayres. The steamship promises to break all records if her captain has his way and nothing prevents. Her machinery when she sailed was in perfect condition and her bunkers were filled with the choicest coal. The crew of the ship from her master down to the stokers, is bent upon carrying Prince Henry to South America at the greatest speed compatible with safety.

Prince Henry's trip to South America follows closely on the recent visit there of a squadron of the most powerful battleships flying the German flag. No secret is made of the fact that the purpose of the Emperor is sending the warships and having Prince Henry follow them is to impress the South Americans with an idea of the political and commercial importance of Germany. The whole programme is a part of the campaign that the empire is making for world trade. When a United States firm secured the contract for building one of the great Argentina warships a year or so ago in the face of German competition it nettled the Germans not a little. Then it was that the Emperor decided upon a plan to offset the influence of the United States in South America by sending his brother on a mission to cultivate relations of closer friendship between Germany and the Southern republics.

WATER SUPPLY MORE ABUNDANT.

For the first time in nine months water was yesterday running over the spillway at Morgan lake. Mr. Brennan said that the supply there now was the largest that had been known for a very long time and it is being used from that source exclusively. Although the lake supply has only been used a few days already various complaints have been lodged with the water department because of the mud and sediment in the water. The quality is not bad, although it must be admitted that the water is not as clear as that which is pumped from the Widenham-Daub wells.

BURGLARS ENTER NEW BERLIN HOMES

Money and Watches Taken By Thieves.

Burglars Monday night looted several residences in New Berlin and escaped with money and watches valued at well over \$100. Strumpfer's bloodhounds were taken to New Berlin early the next morning and placed on the trail of the robbers, but failed to follow any scent that would give a clue to the robbery. The thieves, which were committed during the early morning hours, are believed by deputy sheriffs working on the case to have been the work of some New Berlin resident.

Took Money From Pocket.

The home of W. N. Eisle was the first entered and \$29 was stolen from Mr. Eisle's trouser's pockets. Fifty dollars said to have been in the car was overlooked.

At the home of Noah C. Twist, the robber entered by the window. A child's bank, containing several dollars and Mr. Twist's money was stolen. At the home of William Pfeiffer the robber secured \$10.

ANNOUNCEMENT.

I hereby announce my candidacy for the Democratic nomination for Circuit Judge at the primary election to be held March 24, 1914.

Francis E. Baldwin.

LEE ELECTED DIRECTOR.

St. Louis, Mo., March 10.—William H. Lee, president of the Merchants Laclede National Bank of St. Louis, was elected a director of the St. Louis, Iron Mountain and Southern railway at the annual meeting of the Missouri Pacific-Iron Mountain lines today.

Soda Relieves Indigestion or Acid Stomach

Few Stomach sufferers know that Indigestion, Sourness and Gases are not caused by a lack of digestive juices, but result always from acidity, meaning there is an excess of hydrochloric acid in the stomach, which retards food fermentation. Everything eaten sours in the stomach like garbage in a can, forming acid fluids and gases which inflate the stomach like a toy balloon. Then we get a heavy lumpy feeling in the chest, we belch gas and eructate food or have heartburn, water-brash, bloating and nausea.

A well-known authority states that a 10 grain Sodagen tablet taken anytime, followed by a tumbler of water instantly neutralizes these stomach acids; stops fermentation, absorbs the gases and sweetens the entire digestive tract. He says any pharmacist can supply a package of 10 grain Sodagen tablets as they are constantly prescribed for stomach acidity because of their harmlessness to the digestive organs, being composed of Soda, Calcium, Carbonate and Magnesia U. S. P.

WELL KNOWN ELECTRICAL EXPERT COMES TO JACKSONVILLE

Miss Lippincott, of Harrison, N. J., Will Instruct Consumers in This City as to the Proper Method of Lighting Their Homes.

The Jacksonville Railway & Light company have secured the services of Miss Lippincott of Harrison, N. J., an expert on electrical illumination in the home, to demonstrate in Jacksonville homes for the next few weeks how to obtain the best light effect with the minimum use of current. The Jacksonville Railway & Light company have secured the services of Miss Lippincott at their own expense and she will visit as many homes as possible while she is in Jacksonville, and will show them, as only an expert can, how they can get better results at a saving in current.

Expert in Her Work.

Miss Lippincott is from the Edison Lamp works of the General Electric company, where she has been educated thoroughly in electrical work in the factory where the latest and best electrical appliances are made. She has a practical knowledge of the various electrical problems that confront the modern housewife. She knows all of the latest ideas on the proper way to economize in the use of electric current. But not at the expense of good service. The expert has been secured with the idea that Jacksonville housewives would like to know more about the electrical problems in the home. The actual experience that she has had in New York Boston and other eastern cities will be of vast interest to Jacksonville women.

She will suggest changes in the location in order to secure the highest efficiency. She will also make suggestions as to the shades, and the convenient location of the switches, in order to turn off the light or part of the lights when they are not needed.

Will Explain Use.

Miss Lippincott will be very glad to answer questions on the use of electrical appliances and she will take orders for them if necessary. But it is understood that she is not an agent and is not in Jacksonville in the role of an electrical appliance seller. That will only supplement her purpose to help solve the electrical problems. Many women would like to know how to handle electrical devices such as the chafing dish, iron, and other modern appliances. She will explain all of these, without any obligations whatever upon the part of the listener to buy. The management of the Jacksonville Railway & Light company are anxious that their patrons co-operate with them in this work. They believe that in bringing a woman electrical expert to this city that the housewives will be only too glad to receive the benefit of her knowledge and experience as regarding the use of electricity in the home.

STOMACH SUFFERERS!

READ THIS

So many stomach sufferers have been benefited by a simple prescription of vegetable oils which cured a Chicago druggist of chronic stomach liver and intestinal trouble of years' standing that we want you surely to try this remedy. It is known as May's Wonderful Stomach Remedy. One dose will convince you. It equally gives wonderful relief within 24 hours—even in the most stubborn cases. May's Wonderful Stomach Remedy is now sold here by Armstrong's drug store.—Adv.

BUSINESS CHANGE.

After more than thirty years spent in the practice of dentistry, I am, because of my health, obliged to discontinue and I want to thank my friends and patrons for their confidence and liberal patronage during this long term of years, and to introduce my successor, Dr. F. C. Noyes, who comes to Jacksonville with the highest recommendations and whom I know to be a skillful and conscientious dentist. I would ask for him the same liberal patronage you have given me.

Dr. W. W. Schermerhorn.

Having purchased the practice of Dr. W. W. Schermerhorn, I shall take possession of his office at 317 West State street on March, and trust that I shall be favored with the same liberal patronage that has been bestowed upon Dr. Schermerhorn.

Dr. F. C. Noyes.

MISSOURI COMMERCIAL CLUBS.

Jefferson City, Mo., March 10.—A wide variety of topics relating to the welfare of the state and the promotion of its industries are to be discussed at the annual convention of the Missouri Federation of Commercial Clubs, which met here today for a two days' session. Delegate representing commercial clubs in St. Louis, Kansas City, St. Joseph, Sedalia and numerous other cities are in attendance.

SOUTH BEND RIOT CASES.

South Bend, Ind., March 10.—Sixteen defendants in the St. Cashier's church riot cases were arraigned in court today for trial. The riots resulted from an effort made to install Rev. Stanislaus Gruza as pastor of the church. The disorders assumed such serious proportions that the bishop of the diocese appealed to Governor Ralston to send the militia to suppress them.

COUNTY HOLDS CENTENNIAL FETE

Belleville, Ill., March 10.—The one hundredth anniversary of the creation of St. Clair County and the selection of Belleville at the county seat was celebrated here today with an interesting programme of exercises. Governor Dunne of Illinois and former Lieutenant Governor Johnson of Missouri were among the speakers of the day. Next fall there is to be a week of festivities in further celebration of the centennial.

CATTLE RAISERS MEET

IN FORT WORTH.

Fort Worth, Texas, March 10.—Fort Worth threw its gates wide open today in welcome to the delegates to the thirty-eighth annual convention of the Cattle Raisers' Association of Texas. Thousands of visitors were in attendance from all parts of Texas and Oklahoma and neighboring states. Mayor Robert F. Milam delivered the address of welcome this morning and Julian M. Bassett of Crosbyton responded for the visitors. J. D. Jackson of Alpine delivered the presidential address. No business sessions were held this afternoon, the time being devoted to various features of entertainment. Tomorrow the convention will listen to addresses by noted speakers on the future of the cattle industry in the United States. The business sessions of the association will be held Thursday, Waco, San Antonio and Houston are engaged in a spirited contest for next year's convention.

SKY GAZERS TO

SEE AN ECLIPSE.

Washington, D. C., March 10.—Observers of the celestial spheres are discussing the partial eclipse of the moon which is to take place tomorrow night. The phenomenon will be visible to the inhabitants throughout

this action of the globe. The moon

will enter the shadow at 9:33 p. m. Washington standard time, this being the beginning of the eclipse. During the next hour and twenty-nine minutes the moon's light will be gradually merged in the shadow, until by four minutes past eleven the middle of the eclipse is reached. Then the moon will begin to emerge from the shadow and by a few minutes past midnight the eclipse will be over so far as this section of the country is concerned.

COLORADO D. A. R. MEETING.

Colorado Springs, Colo., March 10.—Colorado Springs is entertaining for two days the annual convention of the Colorado chapters of Daughters of the American Revolution. A large attendance and an attractive programme combine to give promise of one of the most successful meetings in the history of the state organization. The convention held its opening session this afternoon.

KANSAS GRAIN DEALERS.

Abilene, Kas., March 10.—The annual convention of the Kansas Grain Dealers' association began in this city today and will continue over tomorrow. Many men prominently interested in the grain trade are in attendance from all sections of the state.

STEAMSHIPS ON

SUMMER SCHEDULE

New York, March 10.—The summer schedule of the Cunard Line was put into effect today with the sailing of the steamship Lusitania. The schedule provides for the sailing of the vessels seven hours earlier than heretofore. This change in the sailing hour will be maintained during the period that the steamships follow the long transatlantic course during the summer months.

TAXES TAXES

Taxes are now due and payable at the sheriff's office. Bring your last year's receipt or a complete description of your property when making payment.

W. B. ROGERS,
Sheriff and Collector.

MINNESOTA MERCHANTS

IN SESSION

St. Paul, Minn., March 10.—Representative retail grocers and general merchants from cities and towns throughout Minnesota were present here today at the opening of the annual convention of their state association. The sessions will continue three days, concluding Thursday night with a banquet at the Ryan hotel.

DR. PRICES' CREAM BAKING POWDER

A Pure Cream of Tartar Powder

Dr. Wm. Sedgwick Saunders, Medical Officer of Health of the City of London, Eng., was good enough to say that a long and universal experience has proved a cream of tartar powder the most efficient, safe and economical, making food which could not be deleterious to the most delicate stomach.

In England the sale of baking powder containing alum is absolutely prohibited.

WHEN BUYING BAKING POWDER, READ THE LABEL.

HARRIGANBROS

PROF. WILHELM MILLER TALKS ABOUT TREES

GIVES ADDRESS BEFORE WOMAN'S CLUB.

Says Trees in Jacksonville Are City's Greatest Scenic Asset—Outlines Plan of Making Places More Beautiful.

An enthusiastic audience greeted Mr. Wilhelm Miller at Academy Hall Tuesday afternoon. (Mr. Miller brought with him a number of slides which added greatly to the afternoon's enjoyment.)

After the transaction of routine business the club was treated to an unusual musical number—the singing by Miss Mabel Matthews of two songs by Mrs. A. G. Burr, with Mrs. Burr as accompanist. The first of these was a Parlor, the second "Beneath the Pines."

The program for the afternoon was in charge of Mrs. C. E. Cole of the flower garden committee in the absence of Mrs. J. T. Sharpe, chairman. Mrs. Cole very graciously introduced the speaker of the day, Mr. Wilhelm Miller.

Mr. Miller spoke of the pleasure in seeing another old town with big trees. The greatest scenic asset of Jacksonville is its trees. Every tree is said to be worth a dollar a square inch measuring a cross section four feet from the ground, merely for its shade value. At this rate you probably have half a million dollars worth of trees here. You know your trees are in bad shape, in spite of the fact the "tree doctors" have been here. Trees are a valuable asset in that they really add to the value of your property.

Mr. Miller presented views of various houses with testimony of the owners as to the relative value of lots with or without trees. A dollar put in the bank yields only 3 per cent, while invested in trees it yields 20 per cent.

Contrasting pictures of planted and unplanted streets were also shown and the renting value of houses on each street given.

One great idea in landscape gardening is to make different parts of the world look different. Illinois is studying to attain a style adopted to her prairie landscape. One idea is to restore the preprimeval beauty of the country. Rock River is being put back into its original state that the people of Chicago may get something of real nature. The Magnus house at Winnetka is an illustration of the modern trend—the house, trees and shrubbery in horizontal lines to correspond to the lines of the prairie. To get the beauty of a corn field set it about with a few trees—get the religion of the prairie into your soul. The new school landscape gardeners believe in plenty of "local color" clothes posts need not be ugly. They can be made beautiful by planting a prairie rose at the base. The Illinois rose (Rosa Setigera) is better against the house than garden roses. If rose bushes were distributed to club members it might increase your membership. The Jap barberry is one of the best shrubs.

The Illinois way of planting a lawn is to leave the center open and group the shrubs so as to frame a picture of the house. Trees and shrubs native to Illinois are best. Avoid the gaudy way, scattering plants to make a big show and planting foreign and artificial varieties. Views are more important than trees. Cut out all trees that spoil a view while they are young—it hurts less! Permanent vines are cheaper in the end for porch planting than temporary. Get privacy on your porch by planting shrubs and vines about your porches. Bitter, sweet, trumpet honeysuckle are native to Illinois. To plant vines on a modern house use wire netting fastened by hooks which can be replaced after painting.

Churches and other public buildings should be surrounded with Canadian law.

Connecting shrubbery from house to house makes your street into a park.

The greatest opportunity you have here is to form an organization to make College avenue and West State street different from each other and from other streets in Illinois.

NEW EXECUTIVE TO BE ELECTED BY GREAT NORTHERN RAILROAD

Chairman of Board of Directors Louis W. Hill Will Not Retain Title of President.

St. Paul, Minn., March 10.—Louis W. Hill, chairman of the board of directors of the Great Northern railroad will not retain the title of president of the road and a new executive will be elected in the near future, according to statements made today by men prominent in railroad circles.

Although it was intimated by officials of the Great Northern of the recent directors' meeting at which President Carl R. Gray's resignation was accepted, that Louis W. Hill had been elected president, it was stated today that this arrangement was only temporary.

No intimation was given as to who would be elected to the presidency.

CEIBA SWIFT BY FIRE.—Despatches today from Ceiba, Honduras, stated that the city of Ceiba had been swept by a fire which had caused a loss estimated at \$1,000,000. It was said that twenty-three city blocks had been destroyed and others were in danger.

ONLY WAY TO STOP SPEEDERS.—Portland, Ore., March 10.—Five days of hard labor on the city rock pile was the sentence for speeding given to W. C. Barker, millionaire chauffeur, by Judge J. H. Stevenson in the municipal court here today.

SPORT NEWS

NEW YORK, Mr. 10.—J. Fernand Poggenburg of the Liederkranz society of this city, holder of the international amateur billiard championship title, won the second game of the annual amateur national 18.2 ball line tournament here today. His opponent was Eugene L. Milburn of Memphis, Tenn.

CHICAGO, Mar. 10.—Catcher Ed Sweeney who has been negotiating with the Federals here signed a new contract with the New York American League today it was announced at the office of Ban Johnson, president of the league.

Johnson said Sweeney's contract called for the largest salary paid any catcher in organized baseball but would not name the amount.

PITTSBURGH, Pa., Mar. 10.—Edward W. Gwinner, a local capitalist, today was formally elected president of the Pittsburgh Federal League team.

"From now on we are going after every ball player that we can land. We are not going to stop at contracts or anything else. We have plenty of money and from now on it is going to be war to the end," said William A. Kerr, treasurer of the local club.

NEW YORK, March 10.—Preliminary operations for the equipment of Brooklyn's Federal League baseball park were interrupted by disaster late today when a 50-foot wooden tower collapsed, killing one man and seriously injuring three others. All the men were riggers working at the top of the tower which was one of two intended to support a wire cable for the operation of an iron bucket containing concrete for the stands.

MARYSVILLE, Cal., March 10.—The Chicago American league team won from the Sacramento team of the Pacific Coast league 13 to 10 today.

ROCKFORD, Ill., March 10.—George J. Bubser, formerly manager of the Rockford, the Beloit and the Oshkosh teams of the Wisconsin and Illinois Baseball league tonight was named manager of the newly elected Freeport team in the same league.

MRS. PANKHURST ONCE MORE A HUNGER-STRIKING PRISONER

She Will Be Released Under "Cat and Mouse" Law.

London, March 10.—Mrs. Emmeline Pankhurst once more is a hunger striking prisoner in Holloway jail but she is confident she will secure her release in a few days under the "cat and mouse" law.

By stopping the "Scotch Express" on which Mrs. Pankhurst was brought from Glasgow after her arrest in that city last night and compelling the militant leader to alight at a small way station outside of London, the police today succeeded in eluding swarms of militant suffragettes who were awaiting her arrival in the city railroad stations.

From the suburban station Mrs. Pankhurst was driven in a motor car to Holloway jail. A large crowd of suffragettes was assembled about the jail but as a strong detachment of police was on hand no attempt was made to rescue the militant leader.

BELLEVILLE CELEBRATES ITS CENTENARY AS COUNTY SEAT

BELLEVILLE, Ill., March 10.—Belleville celebrated today its centenary as a county seat. Among the speakers of the occasion was Governor Edward F. Dunne who called the roll of Great Illinois men who hailed from Belleville and St. Clair county.

Among the men named by the governor were: Governor Ninian Edwards, Governor John Reynolds, Governor William Bissel, James Shields, United States senator; Lyman Trumbull, William R. Morrison and Henry Raab.

LOOK FOR ALMOST TOTAL ECLIPSE OF MOON TONIGHT

Eclipse Will Be Visible From All Points of Western Europe, North and South America and Western Africa.

Washington, March 10.—There will be an eclipse of the moon, almost total, tomorrow night, visible from all points in western Europe, North and South America and western Africa, astronomers at the naval observatory here prepared tonight to take advantage of the opportunity for special observations during the eclipse, for while the moon is darkened, unusually accurate work may be accomplished.

The moon is due to enter the shadow, according to astronomers, precisely at 9:41 8-10 o'clock tomorrow night eastern standard time should reach the middle of the eclipse at 11:12 9-10 o'clock and leave the shadow at 12:44 a. m. Thursday.

SECOND CASE IS REPORTED.—Washington, March 10.—A second case of bubonic plague in Havana has been reported to Surgeon General Blue of the public health service and inoculations have confirmed its nature. The first case found there several days ago has died. Dr. Blue has increased the force of public health service officers at the Cuban capital and sees nothing in the situation for further alarm.

We said it was the Biggest Shoe Sale and IT IS

Take this adv., cut it out, compare prices, and if you find any that beat ours, bring both adv's. in and pick any shoe in our house and wear it out at our expense.

LADIES SHOES	MENS' SHOES
Real value \$3.50, sale price \$2.60	Real values \$4.00, sale price \$2.60
Real value \$3.00, sale price \$2.35	Real values \$3.00, sale price \$2.35
Real value \$2.50, sale price \$1.85	Real values \$2.50, sale price \$1.85

And in addition this ad. presented to us at time of purchase is worth 10c.

MURRAYVILLE.

Mrs. E. A. Whitlock and daughter Opal spent last Wednesday with relatives in Manchester.

Dr. Waters moved his household goods from Nortonville here Wednesday into the house recently vacated by Joseph Hagen Sr., and family.

Mrs. Charlotte Aldridge returned home Thursday from Grigsbyville where she has spent the winter. Mrs. Irene Mortzline accompanied her home to keep house for her.

Mrs. Bessie James has been quite sick since last Tuesday and detained from school duties.

Mrs. Mary Bush has recovered sufficiently from her recent illness to go to the home of her son Roy Clark, for an indefinite stay.

Mrs. C. J. Vaughan of Jacksonsville spent last Friday with her parents, Mr. and Mrs. John Boruff and family. Her niece, Miss Helen James returned home with her.

Mrs. James Galloway of Woodson visited her son William and family here Sunday.

Mr. and Mrs. S. H. Tilden of Galesburg have been visiting relatives here. They were the guests Sunday of Mrs. Tilden's son, W. R. T. Masters.

A short time ago there was a contest between the ladies and gentlemen of the M. E. Sunday school for the largest attendance. The ladies being the winners. As a result a banquet was given them Wednesday evening in the church parlors at the expense of the men. Afterwards a good program was rendered. Needless to say this was very much enjoyed by the ladies.

Mrs. E. C. Carpenter of Jacksonsville was the guest Friday of her aunt Mrs. C. T. Daniel.

Mrs. W. W. Walker has been on the sick list the past week.

Mrs. Alex Short spent Friday with her nephew Chas. Short and family. She was enroute to Nortonville for a visit with her daughter, Mrs. Camel.

Mrs. Clyde Moffet of Springfield spent Saturday and Sunday with homefolks.

Mrs. Anna McCarty visited friends in Manchester Wednesday.

Scott Davenport of Alexander was a visitor in the city Tuesday.

MUSTEROLE, The Great Remedy for Rheumatism

It stops the twinges, loosens up those stiffened joints and muscles—makes you feel good all over. Thousands who use MUSTEROLE will tell what relief it gives from Sore Throat, Bronchitis, Tonsillitis, Croup, Stiff Neck, Asthma, Neuralgia, Headache, Congestion, Pleurisy, Rheumatism, Lumbago, Pains and Aches of the Back or Joints, Sprains, Sore Muscles, Bruises, Chills, Frosted Feet and Colds (it prevents pneumonia).

Doctors and nurses frankly recommend MUSTEROLE as a substitute for the old messy mustard plaster. Large hospitals use it.

At your druggist's, in 25c and 50c jars, a special large hospital size for \$2.50.

Accept no substitute. If your druggist cannot supply you, send 25c or 50c to the MUSTEROLE Company, Cleveland, Ohio, and we will mail you a jar, postage prepaid.

Joseph F. Swords, Sulphur, Okla., says: "Your Musterole is very efficacious. It has done away with my Rheumatic pains and aches in a wonderful short space of time."

YOUR MODERN BATH ROOM

When you consider your own personal comfort and convenience and that of every other member of your household, just which particular room of your home means the most to you and your family? The bathroom, of course.

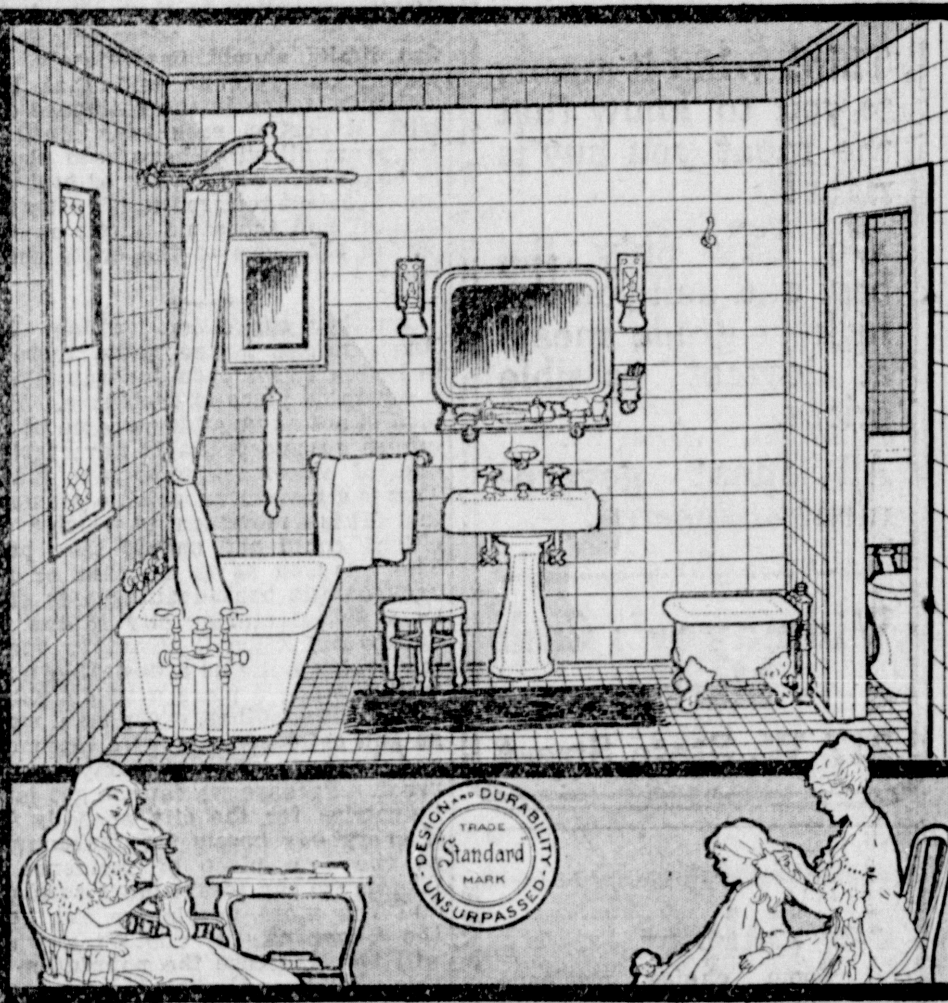

Isn't that sufficient reason for you to have it just right—the way you want it?

If you do not take a personal interest in planning the bathroom for your new home, and select just the fixtures you want for it, isn't there a possibility that when completed, it might be a disappointment?

You can obviate any such possibility by making selection from our "Standard" Catalogue with its hundreds of designs for all purposes, requirements and tastes.

We can advise you upon all sanitary matters and aid you in planning wisely.

C. C. Schureman
Opposite Post Office

LITERBERRY.

Mrs. Earl Rexroat of The Maples, on West Capitol street, entertained the Baptist Aid Thursday afternoon. In the absence of the president, Mrs. John Daniels, Mrs. Willard Young, first vice president, presided. After devotional exercises and a short business session, Mrs. W. E. Murray read a splendid paper on family worship in her usual winning manner. Mrs. McCarty gave a talk on Yellow Stone Park and the people she met there, illustrating her talk with some large pictures of the wonderful objects in that strange, beautiful place.

A bible contest followed conducted by Mrs. Earl Underbrink. Mrs. Ed Litter and Mrs. McCarty each answered the same number of questions. This dead lock was broken, by drawing straws for the prize, Mrs. McCarty being the lucky one. Refreshments both substantial and appetizing were served in two courses. Everybody had a good time, thanks to our pleasant hostess.

The women's class, number one, of the Baptist church, taught by Mrs. J. A. Litter had a special on Sunday morning and made quite a hit. Our superintendent, S. H. Crum, has been asking something special from each class, giving them two weeks notice. Sunday was Mrs. Litter's day, and all present are willing to give the women's class, number one, praise for their effort. They selected the missionary question for their ground work and they built well and substantially, receiving applause and a vote of thanks from the school. Brother Dickman finished the round of praise by bringing it into his sermon. Brother Dickman preached fine sermon from the text, "bring ye all the tithes into the store house."

Captain Taylor came up from the Bend Friday afternoon to pay a visit to sunshine cottage. We were glad to see Captain and hear the latest news of that noted land, the Bend. He told us there were rumors of building a parsonage near church. We own two acres on which Grace chapel is built, and this would give ample room for a house and barn, and leave enough ground for a garden, cow pasture and chicken yard. This plan, if carried out, will give Grace Chapel something every Sunday and as often in the week as needed. This is a new idea and perhaps a good one.

SIX BROWN BROTHERS

CYCLONE AND TIDAL WAVE DEVASTATES MADAGASCAR

PARIS, March 10.—The minister of the colonies today received a cable despatch from the governor-general of Madagascar saying that a cyclone and tidal wave devastated the northwest region of the island March 3rd. Sixteen persons were killed and a number of vessels sunk at their moorings, including the schooners Marsouin and Jeanne d'Arc. Hundreds of buildings were also destroyed or seriously damaged.

How to Avoid Those Pains and Distress
Which so Many Mothers Have Suffered.

It is a pity more women do not know of Mother's Friend. Here is a remedy that softens the muscles, enables them to expand without any strain upon the ligaments and enables women to go through maternity without pain, nausea, swelling, sickness or any of the distressing symptoms so familiar to many mothers. There is no foolish diet to harass the mind. The thoughts do not dwell upon pain and suffering, for all such are avoided. Thousands of women who have used this little book, and the thought that sickness and distress are natural. They know better, for in Mother's Friend they have found a wonderful, penetrating remedy to banish all those dreaded experiences. It is a subject every woman should be familiar with, and even though she may not require such a remedy, she will now and then need some prospective mother, to whom a word in time about Mother's Friend will come as a wonderful blessing. This famous remedy is sold by all druggists, and is only \$1.00 a bottle. It is for external use only, and is really worth its weight in gold. Write to-day to the Bradford Regulator Co., 127 Lamar Bldg., Atlanta, Ga., for a most valuable book. There is a wealth of instruction and comfort to be derived in reading this little book. It is plainly written, just what every woman wants to know, and will be a splendid little textbook for guidance, not only for yourself, but will make you helpful to others. And, in the meantime, do not fail to get a bottle of Mother's Friend at the drug store, and thus fortify yourself against any and all pain and discomfort.

Keep Your Hands Soft and White

COUNCIL PLACES ORDER FOR NEW PUMP AT WIDENHAM-DAUB WELLS

Purchases Equipment From Fairbanks, Morse & Company—Pump and Generator to Be in Service Ninety Days Before Payment is Due.

The city council held an adjourned session Tuesday afternoon when a contract was awarded Fairbanks Morse & Co., for a pump and generator to be installed at the Widenham and Daub wells on their bid of \$1136. This bid was \$61.00 higher than that presented by the Platt Iron Works, but from the fact of specific guarantees in the proposal and the agreement of the company to wait ninety days for payment it was deemed best to award the contract as already indicated. Mr. Brennan made this recommendation and when the matter came to a vote the contract awarded was made unanimously. Mr. Engel and Mr. Newman explained that while they had originally been in favor of purchasing from another firm that they believed Mr. Brennan had investigated the matter thoroughly and was seeking to do that which would be the best for the city.

The council was called to order about 2:15 and Mayor Davis said that representatives of the companies interested would be permitted to explain about the pumps offered if so desired. C. L. Webb representing the Worthington company spoke first and described the advantages he believes the city would find in purchasing a tri-plex pump rather than one of the centrifugal type. He, in addition to Mayor Davis and Mr. Knollenberg engaged in some explanatory remarks as to why a former contract entered into by the company was not carried out and the certified check asked for and returned.

Mr. Webb argued that the cost of operating a tri-plex pump would be much less than for a centrifugal pump and that the saving would be such as to justify the larger initial cost.

Edward Mirander, representing the Platt Iron Works was the next speaker and said that he would revise the bid previously mentioned by the company to \$1075 this to include the superintending of installing the pump. He said that his company would furnish the pump alone for \$420 and prepare the attachments so that it could be connected with any type of motor desired. Mr. Miranda explained some other details about his equipment and bid and then withdrew.

Mr. Newman suggested that there would be advantages in awarding the contract to the Jacksonville Railway & Light Co., as equipment they would supply would be of the same type as that already in use at the wells, he said too that there would be the further advantage of giving the business to a local company so that if anything went wrong that there would be somebody here on the grounds to have the troubles righted. He said too that the company would wait a year if need be for the pay.

Mr. Brennan then made a motion that the contract be awarded to Fairbanks Morse & Co., explaining that the bid of this company was the only one which specified a full guarantee in every particular stating also that the company makes its own pumps and generators and is financially responsible and in addition would wait 90 days for payment. He gave some reasons too why he figured that a centrifugal pump would be best for use here.

Mr. Knollenberg offered a second to the motion to award the contract. Mr. Engel said that he had been somewhat in favor of another type of pump but that he believed that Mr. Brennan had gone into the matter carefully and was recommending what he thought would be best for the city. Mr. Newman spoke along the same line and when the matter came to a vote the mayor and four commissioners voted to award the contract to Fairbanks Morse & Company. In discussion of the advantages of a centrifugal vs. tri-plex pump Mayor Davis called the attention to the very slight cost there is for keeping the centrifugal pumps in repair and mentioned some other advantages.

Mr. Brennan stated that a steam pump and heater to be used in connection with the new boiler are needed and made a motion that Mr. Knollenberg be authorized to go to Chicago and purchase this equipment. The cost for the two will not exceed \$250 or \$260 and Mr. Brennan said that he suggested Mr. Knollenberg going to Chicago because in this way they had saved several hundred dollars in the purchase of new hoods a few weeks before. The council then adjourned after Mr. Brennan's motion had been carried by a unanimous vote.

"FIRST ROBINS."
Although there is good reason to believe that robins often winter in the community there are a number of persons who report each year the coming of the "first robin." Joseph Fernandes, William Holler, William Meder and W. P. Waterfield, Sr., are among those who report having seen the birds within the last few days.

WILL REDUCE PRICE.
London, March 10.—It was announced that beginning next Monday the price of The Times would be reduced from three pence to a penny (two cents).

DEFEAT VOTE OF CENSURE.
London, March 10.—The house of commons tonight by a vote of 304 to 240 refused to pass what virtually was a vote of censure of David Lloyd-George, chancellor of the exchequer.

FILE SUPPLEMENTARY BRIEF.
Concord, N. H., March 10.—Counsel for the state of New York in the case of Harry K. Thaw filed in the United States district court today the supplementary brief ordered at the hearing on Thaw's habeas corpus petition two weeks ago.

RAILROAD NOTES.

James Mann, division freight agent of the Chicago & Alton, with headquarters at Springfield, called on the local office yesterday.

T. E. Agnew, second track operator in the Burlington office, is visiting home friends in Waverly.

C. H. Ormsby, traveling auditor for the Burlington, with headquarters at Beardstown, was in the city yesterday checking up the local office and counting the through tickets. He succeeds Mr. Ferguson.

The troubles of the C. & St. L. are not yet over. Yesterday high water and floating ice made the company anxious regarding the bridge over the Sangamon above Chandlerville. A force of men was sent to the place and great efforts were made to keep things all right and the trains were generally able to get over.

Conductor Winchester has taken his place again after being laid up with a broken rib or two. Next time he gets into a bath tub he will not exactly stay out, but will be very careful.

Brakeman Dunn who has been taking the place of Conductor Winchester while the latter was laid up, has returned to his regular run out of Springfield.

Brakeman Young has taken his place again after a short lay off.

R. L. Bowls, transportation manager of the Springfield Business Men's association, was in the city yesterday on business.

At the Car Shops.
Engine No. 61 is rapidly getting into shape and will doubtless go out of the shops this week all as good as new.

Engine No. 41 is stripped completely and looks like a child with no clothes on, but will soon have the asbestos in shape and other things will soon follow. John Planagan has been employed as helper in the boiler shop.

Engine No. 7 has been sent into the machine shop instead of 45, which went out recently.

Bert Shandel, an experienced machinist of Beardstown, has been employed in the shops here.

William Quinlan who suffered a sprained ankle a while back hopes to be able to go to work Monday.

A new smoke stack was completed yesterday to be sent to the pumping house at Chandlerville.

C. S. Branch, superintendent of motive power, paid the shops a visit Monday.

R. Dressendorf, boiler maker, enjoyed a visit Sunday with his friends in Springfield.

William Snyder, boiler maker went with his wife to Springfield Sunday for a visit with friends.

Master Mechanic George M. Imgrand is able to get about on crutches and finds an accumulation of work on his desk and is making good headway with it. It will be some time before he will be able to walk as well as before, but he is getting there all right.

Terence Sloan and Fred Hagel are doing a fine job of gilt lettering on combination car 102. When they get through with it it will shine out in fine shape.

Coach No. 46 that was sent down the bank by the horses on the track during the storm is in the coach house. The wrecking crew did a fine job raising it and getting it in with little damage in handling.

J. A. Lenington, machine shop helper, has resigned.

Engines No. 5 and 7 are in for general repairs and will be in the shops for some time.

One day last week the road made a record haul in the number of revenue freight cars hauled; that's what pays the bill. Wish the road could have such every day.

March 6, 1914.
To Anna McSherry, George H. McSherry and Frank J. McSherry: You are hereby notified that at a sale of Real Estate made by the collector of Morgan County, Illinois, at the door of the Court House in the City of Jacksonville, County of Morgan and State of Illinois, on the tenth (10th) day of June, A. D. 1914, J. Earl M. Johnston purchased the following described Real Estate situated in said county, taxed in the name of Anna McSherry, for taxes, interest, penalties and costs due thereon, for the year A. D. 1911, to-wit: Lots number three (3) and four (4) in Osborne's Addition to Jacksonville; and also lot number thirty-three (33) in Yates and Green's Sub-division of lot number one (1) in the City of Jacksonville; and that the time allowed by law for the redemption of said Real Estate will expire on June 10, A. D. 1914.

Earl M. Johnston.

FOR HIGHWAY COMMISSIONER.
I hereby announce myself a candidate for highway commissioner in Road District No. 11, Morgan county, Illinois.

Geo. D. Clayton.
Murrayville.

PREPARING STATEMENT.

Boston, March 10.—Chairman Howard Elliot of the New Haven railroad said today that the company is preparing a statement showing the disposition of every dollar of the \$175,000,000 of the new capital raised in the last ten years.

VESSEL BELIEVED LOST.

Boston, March 10.—Hope has been practically abandoned for the four masted schooner Benjamin F. Poole, commanded by Captain F. M. Cole of Harrington, Maine, which left Wilmington, N. C., nearly two months ago for Baltimore. She carried a crew of eight.

HAS NO OPPOSITION.

Kansas City, Mo., March 10.—Mayor Henry L. Jost was nominated without opposition to succeed himself at the Democratic primary today.

WHAT GOOD DRESSERS WILL WEAR THIS SPRING

"TIZ" FIXES ACHING SWOLLEN SORE FEET

HOW "TIZ" DOES COMFORT
TIRE, SWEATY, CALLOUSED
FEET AND CORNS.

People who are forced to stand on their feet all day know what sore, tender, sweaty, burning feet mean. They use "TIZ" and "TIZ" cures their feet right up. It keeps feet in perfect condition. "TIZ" is the only remedy in the world that draws out all the poisonous exudations which puff up the feet and cause tender, sore, tired, aching feet. It instantly stops the pain in corns, callouses and bunions. It's simply glorious. Ah! how comfortable your feet feel after using "TIZ." You'll never limp or draw up your face in pain. Your shoes won't tighten and hurt your feet.

Get a 25 cent box of "TIZ" now from any druggist, department or general store. Just think! a whole year's foot comfort for only 25 cents.

The Ayers Safe Deposit Vault

A Safe Deposit Box is not a luxury, but a necessity to the owner of stocks, bonds, deeds, mortgages, insurance policies and other valuable papers.

Anxiety about jewelry and silveware not in use is dispelled when they are in a Safe Deposit Vault.

It may be of interest to know that in the construction of the vault there are more than 380,000 pounds of steel and the door itself weighs 14 tons.

To rent a Safe Deposit Box in this vault costs less than one cent a day.

Private rooms for the examination of papers are provided for the convenience of patrons.

PLAN IMPROVEMENTS OF GROUNDS.

Addition Will Be Made to Grand Stand at Nichols Park Baseball Grounds—Springfield to Play Here

Manager McCollister and Captain Wheeler of the Eagles Baseball club met with the commissioners of Nichols Park Tuesday evening to talk over plans for the improvement of the Nichols park baseball grounds. A committee of three commissioners, composed of Members Brennan, Gomes and Anderson, was appointed to go over the grounds and decide whether the ball team should be allowed to make an addition to the grand stand.

Manager McCollister has already booked a game with the Springfield club of the Three Eye league, to be played in this city about the middle of April. This will be the first game of the season. Simms and Clark will play on the team this year and the club is being organized with a view of having as members the best ball players of Jacksonville and to that end anyone wishing to play will be given a tryout.

One of the best vaudeville attractions on the road at the Grand this afternoon and tonight. The Harmony Kings will delight you.

SOCIAL EVENTS.

In honor of Miss Eva Proctor, who is soon to leave the city for South Bend, Ind., the young ladies of the Elite club met for a farewell entertainment last evening at the home of the Misses Carlson, 324 South Clay avenue. A social hour followed the business meeting and the evening was brought to a conclusion by the serving of some delightful refreshments. Miss Flossie Proctor was elected vice president of the organization to take the place of her sister. The occasion in all respects was most enjoyable and the memory of this pleasant evening so happily spent will be cherished long by the ten members present of the Elite club.

The members of the Woman's Country club of Orleans were hospitably entertained Tuesday at the home of Mrs. C. H. Bennett. The topic for study was Scotland. At the conclusion of the literary program the time was given over to social enjoyment and some excellent light refreshments were served by the hostess. "Some Important Cities of Scotland" was the subject of a paper by Mrs. Bertie Welborn; "Scott's Lady of the Lake" was discussed by Mrs. Henry Moeller. Quotations from Scotch poets were given at the roll call.

The meeting Tuesday, March 24, will be held with Mrs. Lucy Davis southwest of Orleans, and will be the last of the series on Scotland. The first meeting in April will begin the series on Ireland. Twenty members of the club and twelve visitors were present at the gathering with Mrs. Bennett Tuesday afternoon.

Special matinee price this afternoon, ladies 10 cents. Grand theater.

ROUTT HIGH MEETS
J. H. S. TONIGHT
Routt College High and Jacksonville High will play basketball tonight at Liberty Hall. A fast game is expected as Walsh, the star man of Routt will be in the game. Although Coach Buland of the J. H. S. has some crimples he expects to put up a hard fight for the honors. Both teams have been practicing hard for the contest which promises to be a fast one. 8:30 is the time set. Routt college will line up as follows: Groves, center; Walsh and Clancy, forwards; Froelich, Maloney and Cain guards. J. H. S. team will be picked from E. Pyatt, J. Pyatt, Smith, Hembrough, Swain, Whitlock and Sutherland.

Drive dui care away by seeing the vaudeville bill at the Grand this afternoon or tonight.

The best known methods for banding milk and butter are employed at our plant and you will find our service of high quality. Jacksonville Creamery company.

MR. REEVE OUTLINES

BIG 1914 CAMPAIGN

(Continued on Page Five.)

grown and attained their present beauty in spite of the fact that they have never had care. I believe that the services of a forester should be obtained and that not a limb should be cut from these trees except under the supervision of such an officer; that he should look after and care for all trees that are damaged by storm or infected with disease.

"Fourth—In the transportation of coal to the electric light plant, the Central hospital for the insane and the School for the Deaf there has been destroyed in recent years approximately \$100,000.00 worth of street pavement. This is an economic waste which ought to be remedied if possible. The time has come when these streets must be rehabilitated and some arrangement ought to be made whereby they should not again be destroyed by the same process.

"Fifth—We have two telephone systems in the City of Jacksonville, both of which are good—either of which would render an adequate service. From the best information I can gather, through this channel there is an economic waste to the citizens of Jacksonville of at least \$10,000.00 a year. I believe that some step should be taken to ascertain whether or not this waste can be in some way overcome. If I am not mistaken, there is a provision in the public utilities law recently passed which clearly covers this question.

The Question of Freight Rates.

"Sixth—I am further advised that the freight rates applicable to Jacksonville are unfair, in some particulars, as compared with other cities. If my information is correct, coal can be delivered from Springfield to St. Louis—a three times greater distance than to Jacksonville—for twenty cents a ton less money than it is delivered to Jacksonville; that the same is true of the coal rate from Springfield to Peoria. If this information is correct, there is a broad field for investigation by the Committee on Transportation.

"Seventh—The young men of the Booster Club, as well as all other young men of the City of Jacksonville, should be interested in every way possible in the betterment of the business and civic conditions of the city. It is only a few years until they must take the responsibility, and they can be of great assistance to us with their energy and ability in carrying out any of the things which we may determine to concentrate our efforts upon.

Improving Roadways.

"Eighth—We should keep in close touch with and use every energy for the improvement of the highways in Morgan county. Large sums of money are being appropriated by the state and the national house of representatives of congress, has passed an appropriation of \$25,000,000 for the construction and betterment of highways and it is anticipated that the senate will concur in that bill, or, possibly, raise the amount of the appropriation from ten to fifteen millions. If it is necessary to get our proportionate share of that money, I believe that bond issue by Morgan county would be justified as the present generation ought to have the benefit of a few years of good roads, having spent all of their lives in the mud.

"Within the last year there has been added a new and potent factor to the governmental affairs of our city. No class of citizens has ever been more keenly interested in the civic affairs of the city than the womanhood of Jacksonville. They can now vote upon substantially all questions touching its interests.

"Through committees to be formed in the various parts of the city, through the various clubs or in such manner as shall seem best, we should enlist the women of the city in one united effort for the better business, moral and civic conditions of our city and surrounding community.

Importance of Agriculture.

"We fully appreciate the fact that the prosperity of Jacksonville is almost wholly dependent upon the prosperity of the agricultural interests of Morgan county. An organization of the farmers for the betterment of farming conditions as well as for better roads would be a step forward in the right direction, and there should be a hearty co-operation between this organization and the entire agricultural interests of the county for the betterment of conditions touching all interests.

"There are a great many other suggestions that might be made but I hope that out of these suggestions and others that will be made by the various committees of this association, we may find some one or more that we can heartily support and show to the citizenship of Jacksonville that there is a reason for the existence of this organization and that the work which we may do in the coming year may be such that we can look back upon it with some degree of satisfaction."

At Dr. Pinner's Home.

In the evening Prof. Miller who was a dinner guest at the home of Dr. and Mrs. T. J. Pinner addressed a company along the same line as his afternoon lecture. He used with this address a number of stereopticon views. The occasion was one of especial profit and added materially to the interest developed by Prof. Miller's other addresses earlier in the day.

FARMERS STATE BANK & TRUST COMPANY GROWS

Statement Recently Made Shows Deposits Greatly Increased and General Satisfactory Condition.

The statement of the Farmers State Bank & Trust Company which appears in the regular space used by the bank on page four in this issue indicates that the bank has had a healthy and substantial growth since it opened for business January 3, 1911.

When a call is issued for reports from National banks one usually goes to state banks about the same time. No call to state banks however was given at the same time as the recent surprise call for national institutions but the Farmers State Bank & Trust Company has complied and made public such a statement without demand from the department.

The figures mentioned indicate that while in March 7, 1911 the deposits were \$58,564.19, that on March fourth this year the figures had changed to \$245,553.27. While this satisfactory showing is made of the growing business of the bank it is noticeable also from the statement figures that the assets of the institution are in splendid relationship to the liabilities and furnish certain evidence that the management while affording every possible convenience and accommodation to customers is nevertheless conducting the bank along conservative lines and building up in a substantial and certain way.

The statement presented has no exact reference to the trust department of the bank's business but it is understood that the department is showing a rapid growth as people are coming to a more adequate understanding of having estate affairs handled by agencies specially organized for that purpose, under the careful scrutiny of the state of Illinois.

ATTENTION ELKS.

Regular meeting this Wednesday evening. Election of officers and initiation. All Elks urged to be present.

FUNERALS

Brown.
Funeral services for Mrs. J. R. Brown of Fairbank, Minn., were held at the residence of her father, Dennis Hines, 108 Spaulding Place Tuesday afternoon at 2 o'clock in the presence of a large number of relatives and friends. The services were in charge of Rev. P. A. McCarty, assisted by Rev. C. S. McCollom, pastor of the Murrayville Methodist church. Music was furnished by a quartet composed of Mrs. Short, Miss Stella Cunningham, George Coultas and Rev. Mr. McCollom and the flowers were cared for by Miss Blevins, Mrs. M. Robinson, Mrs. Ralph Curtis, Miss Alma Hopper and Miss Minnie Taylor.

Interment was made in Jacksonville cemetery and the bearers were: Mr. Chapman, Charles Heaton, Charles McCracken, Dr. Knox, L. C. Funk and E. T. Maine.

Keep in mind the date of the J. W. Arnold sale, Tuesday March 17th. Eighty head of stock will be sold.

HERE ON BUSINESS VISIT:

MEETS AN OLD FRIEND.
John White of Peoria was in the city yesterday on business regarding a new city directory. Mr. White, in 1888-89 was in the employ of the Adams Express company, as a messenger running between Peoria and Mt. Vernon and while in the city called on his friend, Agent D. W. Osborne of the Adams. This is the first time Mr. Osborne had seen Mr. White for twenty-two years and it is needless to say that the meeting was a pleasant one.

Vaudeville, vaudeville, the great and good kind, Grand Opera house today afternoon and night. Ladies' matinee tickets 10 cents.

Attention is again called to the dinner to be given tomorrow at the Y. M. C. A. building by the Morgan county association of Road Commissioners and Clerks. The purpose is to promote road improvement in the county. Get a ticket through your bang from the Courier or Journal offices.

CONCERT OF REAL WORTH.

CITIZENS' TICKET COMPOSED OF WOMEN

SURPRISE SPRUNG AT FRANKLIN NOMINATION YESTERDAY.

Ladies Win Out Over Men in Various Offices—Democrats Also Name Candidates—Elections in South Jacksonville, Concord and Woodson.

A surprise was sprung at the primary election held in Franklin Tuesday, when the voters cast their ballots for ladies on the Citizens' ticket. It was even a surprise to the ladies, some of whom did not know that their name was being voted upon. The Democrats also put in a strong ticket, with William Woods for president. The Democratic or People and the Republican party at Concord nominated yesterday also South Jacksonville and Woodson.

Franklin Election.
That several of the citizens in Franklin had in mind to run a ticket composed of ladies was kept so quiet that many did not know of it until the ballots were counted. The result caused no little gossip in the village and the list of officers included some of the well known ladies of Franklin. Only ten women cast votes during the day. William Luttrell is the president of the board now and has handed in his resignation, on account of having been appointed postmaster. He will continue to hold office, however, until his time to take his work is announced or his successor named by an election. The vote was as follows:

Citizens' Ticket.
For President: Mrs. Sallie Wyatt 33
H. M. Tulpin 31
Trustees: John Smith 27
Edward Seymour 24
Clarence Whitlock 22
Miss Kimmie Wright 22
Mrs. Maude Patterson 34
Miss Bessie Hart 32
Clerk: Bert Rees 26
Miss Grace Hill 32
Police Magistrate: J. W. T. Stewart 18
It will be noted that the three ladies who ran for trustee received the highest votes and therefore will be the candidates. The only man elected on the ticket was the police magistrate.

Democratic Ticket.
President: William Woods 19
Trustees: Oyer Wright 11
Jacob Whorton 16
Maude Roberts 15
Clerk: Emory Mann 16
Police Magistrate: A. J. Beerut 12

Woodson Election.
The People's Ticket at Woodson yesterday nominated the following: President—W. G. Russell.
Trustees—George Bradford, J. W. McAllister, Earl White, and J. J. McAllister.

Police magistrate—John I. Henry. No competition in S. Jacksonville. There was no competition in the primary election held in South Jacksonville Tuesday, when nominations for clerk, trustees and police magistrate were made. The election will be held April 21. The result of the primary follows:
Clerk—E. E. Beasly, 17.
Trustees for two years—J. R. Baxter, William Barr and James McGinnis, 17 votes each.

Trustees for one year—William Helfer, 17.
Police magistrate—S. T. Gorman, 8; L. D. Melton, 2; Dr. W. H. Weirich, 1; John Godfrey, 1; Thomas Reese, 1.

Election at Concord.
A fair sized vote turned out at the Concord primary election Tuesday when the People's or Democratic and the Republican parties. The nominations were for village president and clerk and village trustees.

The combined Democratic and People's party ticket nominated is: President—Henry Williamson.
Clerk—A. W. Smith.
Trustees—William Cooper, T. A. Trapp, C. E. Rexroat, George Lewis, Casper Blimling and O. G. Hamm.
The Republican nominees are: President—E. R. Leonard.
Clerk—S. M. Blimling.
Trustees—Casper Blimling, George Lewis and James Webster.

BASKETBALL TONIGHT ROUT VS. JACKSONVILLE H. S. LIBERTY HALL. ADMISSION 25c. DON'T MISS IT.

WITH SICK PEOPLE.

HELD FAMILY DINNER.

Delightful Evening Spent by Members of Caritas Rebekah Lodge.

Caritas Rebekah lodge No. 625 I. O. O. F. held a family supper last night in their hall on West State street. The supper was served at 6:30 o'clock and there was a large attendance. The menu consisted of a wide variety of good things to eat and the meal was greatly enjoyed.

After the supper an impromptu program was given as follows: Piano and violin duet—Misses Anna Frances Bradley and Miss Grace Van Houten.
Reading—Mrs. Belle Brockman.
Piano solo—Audrey Larson.
Piano solo—Miss Grace Van Houten.

The remainder of the time was spent in a social way. The following committee was in charge, Mrs. M. Van Houten, Miss Josephine Hargrove, Miss Alice McCullough, Mrs. David Heimlich, and Mrs. Frank Muehlhausen.

HERMAN'S GRAND SPRING OPENING WEDNESDAY, MARCH 18. EVERYBODY WELCOME.

GIRLS! DRAW A MOIST CLOTH THROUGH HAIR

Try This! Hair Gets Thick, Glossy, Wavy and Beautiful at once—Stops Falling Out.

Immediate?—Yes! Certain?—that's the joy of it. Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a Danderine hair cleanse. Just try this—moisten a cloth with a little Danderine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt or excessive oil, and in just a few moments you have doubled the beauty of your hair. A delightful surprise awaits those whose hair has been neglected or is scraggy, faded, dry, brittle or thin. Besides beautifying the hair, Danderine dissolves every particle of dandruff! cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair, but what will please you most will be after a few week's use, when you see new hair—fine and downy at first—yes—but really new hair growing all over the scalp. If you care for pretty, soft hair, and lots of it, surely get a 25 cent bottle of Knowlton's Danderine from any drug store or toilet counter and just try it.—Adv.

The Gas Ranges for 1914

We are now showing the new gas ranges for 1914. There are a number of betterments and the new ranges are just a little in advance of anything heretofore produced. The prices and the terms will be found satisfactory, and you are invited to call.
